1908 MESSINA HORROR IS ECLIPSED

FRAUDS ARE CHARGED IN ELECTION

Attorney for Helmstein Asks Judge to Summon Officials

Sensation Is Sprung in Helmstein-Kelley Contest

BULLETIN.
Supervisor Joseph M. Kelley will retain his seat on the board as a result of the recount of ballots cast at the general election, which was completed before Superior Judge Wells late this afternoon.

J. H. Helmstein, the contestant, came within about thirty votes of equalling the 267 plurality held by Kelley. With but one precinct to go through officially Helmstein was behind forty-six votes, and an informal inspection by the attorneys brought the lead of Kelley down.

Whether or not any of the precincts will be thrown out is a matter for further court orders. The throwing out of one precinct would entirely change the result.

Intimation of election frauds, uncovered in the recount of precincts in the third supervisorial district now going on before Superior Judge Wells, when J. H. Helmstein of Alameda contests the election of Supervisor Joseph M. Kelley at the general election November 3, were made by Attorney A. P. Stiefvater today, who requested Superior Judge Wells to subpoena the election officers in precinct 10 of Oakland, which was located at Fourteenth and Harrison streets, and known as "Hotel Oakland" precinct.

Should precinct No. 10 be thrown out by the court it would give the election to Helmstein by a clear plurality, coupled with the gains he has already made. He would gain net 91 votes by such result.

Reports to the effect that the election officers in different precincts, taking a lesson from the election which followed the primary election, adopted a new method of carrying their precinct for a favored candidate, are current about the courthouse today. It is declared that in one precinct at least there were strong suspicions that the callers utilized the end of the rubber stamps to fill in blank spaces left by the voters at the time the ballots were counted in the booths.

TO CHECK ROSTERS.
The roster of voters and the original affidavits in precinct 10 and possibly in precinct 45 will probably be compared. Investigations are now on foot and preparations are being made on the part of Helmstein to have the matter taken before the grand jury.

In precinct 10 Helmstein netted a gain of 23 votes. In precinct 45 he netted a gain of 37 votes; in precinct 24 a gain of 20 votes, and all through the recount he has consistently gained in the net results. Precincts 3, 4 and 5, counted this morning, gave him a net gain of 22 votes in the three.

At noon today the recount showed that Helmstein had made a total net gain of 297 votes out of 267 by which Supervisor Kelley led and was elected. There were three precincts remaining to be recounted.

In precinct 45 the original count of the ballots by the election board gave Kelley 212 votes and Helmstein 24. In the recount Kelley showed but 124, while Helmstein had 74. Precinct 49

(Continued on Page 2, Col. 1)

WEDDINGS ARE INCREASING, DUE TO EXPOSITION

They're playing it busy by day at the county clerk's office and are preparing for a rush of business in 1915.

It's the marriage foundry. As the opening of the exposition approaches the marriage licenses issued have been steadily increasing, and the clerks have found the explanation. It's all a matter of longitude—and the telegraph—and cupid.

The fair Eastern girl who comes here with her parents usually leaves a lovelorn swain behind her, according to the explanation of the vendors of the licenses. He pines in solitude (if he's a really faithful fiancé) for awhile and then wires that he's coming to the fair. He gets here—and the license is sold shortly thereafter.

It's partly the romantic California atmosphere and it's partly the romantic Eastern loneliness that does the work. Anyhow, they buy the marriage licenses—and that's why the bureau is known as the marriage foundry. County Clerk George E. Gross says that he expects 1915 to break all records for marriage licenses. And this is even a better phase of the business—the new-made product of California industry probably spends a honeymoon at the exposition.

Wheat Reaches New High Record Price

CHICAGO, Jan. 14.—Grabbing up of spring wheat by exporters swept the market today to a new high record war level of prices. May wheat easily reached \$1.42 1/2 a bushel, thus surpassing the former tip-top quotation of \$1.41 1/2, which was reached January 8, before the bulls dashed into the market by rumors that the Dardanelles would be quickly forced and that an attack by Italy on Turkey would hasten the end of the war.

Mulcahy to Be Tried at Victim's Bedside

SAN FRANCISCO, Jan. 14.—The trial of R. E. Mulcahy, local representative of Hutton & Co., bond brokers, charged with assault to do great bodily harm upon Charles H. Marshall, will have to be held at the bedside of the victim, who is very ill at the Chateau Bonlieu.

Marshall is one of the editors of a local weekly and his publication of a local lack upon Hutton & Co. in connection with the defalcation of the assistant cashier of the Crocker National Bank, prompted the attack. Mulcahy was before Judge Oppenheim today but by reason of the illness of Marshall the case was continued.

Governor C. L. Bleese Files Resignation

COLUMBIA, S. C., Jan. 14.—Governor C. L. Bleese, whose term expires January 15, today filed his resignation with the secretary of state. The resignation, transmitted to the senate was immediately accepted. Lieutenant Governor Smith took the oath for the unexpired term. No reason for the governor's action was given in his resignation which contained only the words: "I hereby resign my office as Governor of South Carolina."

It was stated that Governor Bleese was told today of a meeting of some of the members of the legislature Tuesday night when according to members of the conference a proposal to institute impeachment proceedings against the governor was discussed but abandoned.

SLAVS ARE FORCED BACK

Germans Overcome Enemy in Four Violent Attacks

Petrograd, in Report, Admits Enemy Gains Ground

PETROGRAD, via London, Jan. 14, 3:10 p. m.—Furious fighting has been resumed in Russian Poland. The Russian forces in the north, which are pushing toward East Prussia in the region near Mlawka, have captured a number of villages.

In the center the Germans have made four violent attacks within the last forty-eight hours. They forced back the Russians and occupied considerable ground.

Important bodies of Russian troops have pushed northward from Warsaw in the movement toward the western end of the East Prussian frontier. They have reoccupied a number of villages between Mlawka and Przasnysz, hitherto held by the Germans.

In the center at the juncture of the Bzura and Rawka rivers, where fighting has been in progress for more than a month, the Germans have begun a new movement of great vigor. Their artillery centers along a line to the east of Sochaczew and Skiernewice. It is here that they have made four distinct efforts to advance during the last two days. Following a furious artillery action the Germans occupied the district to the northeast of Bohimow, including the towns of Bismun and Suchy. These positions are three or four miles southwest of Sochaczew and five miles east of the Bzura, from which positions they were reported officially to have been driven out at the point of bayonets.

Russian newspapers are printing statements based on what they say is information from German sources to the effect that the German staff is preparing public opinion for the withdrawal of German troops from the Warsaw district.

The occupation by Turkish troops of the Tabriz district in Northern Persia derives its strategic importance from the fact that it carries with it Turkish control of highways and railroads leading to the Russian frontier. These roads, which provide the only practicable routes through Persia, are owned and managed by either the Russian government or Russian companies.

Coast of Adriatic Is Swept by Storm

ROME, Jan. 14, 2:39 a. m.—Dispatches received here from Ancona say that a heavy storm raged yesterday along the Adriatic coast. There was also a heavy fall of snow. Naples reports a strong tidal wave yesterday in the Gulf of Gaeta, accompanied by seismic disturbances on shore. Venice telegraphs of very cold weather in the Alps, with the snow in deep drifts.

Steamer Dacia May Make Temporary Trip

WASHINGTON, Jan. 14.—The State Department is trying to arrange with the British government for the immediate dispatch of the steamer Dacia from Port Arthur, Texas, to Rotterdam with a cargo of cotton on the basis of a temporary advance. The question of principle of the right of transfer of belligerent-owned ships to American registry will be waived if the Dacia is privileged to make this one voyage free from seizure.

Another Temblor Rocks Rome; Walls Fall; Rescuers Injured

Whole Country Mourning as the Extent of Disaster Is Learned.

15,000 DIE IN AVEZZANO

Many Towns in Italy Feel the Effects of Historic Temblor.

By Associated Press.

ROME, Jan. 14.—Several earthquakes occurred during the forepart of the day. They caused the collapse of some buildings already severely damaged, resulting in the injury of a number of persons engaged in rescue work in various towns. These shocks were not violent, but they increased the alarm of the people and made more difficult the work of rescue.

HAVOC FEARFUL DISASTER GROWS

The loss of life and property in the Italian earthquake already is said to be greater than in the disaster at Messina. The dead and injured have been enumerated at more than 50,000. The loss in property cannot be estimated now. Whole towns have gone down. More than 10 per cent of the population of Avezzano perished in the cataclysm. It is reported.

King Victor Emmanuel Goes to Scene of Worst Damage in Auto.

WORK OF RELIEF BEGINS

Women Call Upon Saints as Buildings Fall and Bury Victims.

By Associated Press.

SURPASSES MESSINA CATASTROPHE.

LONDON, Jan. 14, 4:27 p. m.—A news dispatch received here from Rome says that the member of the Chamber of Deputies for Lipari has telegraphed to the capital that the disaster of yesterday surpasses the Messina catastrophe. The ruin is more widespread and the injury to life and limb will be greater.

A news agency dispatch from Rome says that a further distinct shock was felt in Rome about 3 o'clock this morning. In several quarters of the city the people fled from their houses.

An employe of the municipality of Avezzano, one of the few survivors of the city, says the dead include the sub-prefect and the members of his family; the whole staff of the prefecture; the staff of the law courts; the mayor and all the members of the municipal council. Ninety-five out of the 100 soldiers who comprised the local garrison lost their lives as did four out of the seven customs officials and 89 policemen.

The employe was on the street when the shock came. To him it seemed as if everything fell to pieces at once. An immense cloud of dust arose from the ruins and completely veiled the sky. The few survivors of Avezzano assembled in Tortonia Square. Suffering from shock if not actual injuries, they were not capable of helping injured buried in the ruins.

NOT MORE THAN TEN PER CENT SURVIVE.

ROME, Jan. 14, via London 4:47 p. m.—The destruction of the town of Avezzano, a community of some 12,000 people in Aquila Province, by the earthquake yesterday is virtually complete. There is good authority for the statement that not more than 10 per cent of the population survive the disaster.

The streets of the city are huge piles of stones and brick. Through this the rescuers dig for survivors.

The towns of Samletino, Paterno, Cenchio, Collarmele, Pescara and San Benedetta also are in large measure destroyed.

At Sora in the province of Caserta, a town of over 6000 population, the victims are estimated at 400. Two-thirds of the houses in the town have been razed, while many of the others are damaged beyond repair. The Rossi Palace is ruined. Twenty workmen are buried in the wreckage. Reports reaching Rome today of the casualties counted last night set forth that at Sassa five persons were killed and 40 injured.

At Popoli two persons were killed. At Antosano there are seven dead and thirty injured, while at Cocullo there are nine dead. Twenty persons lost their lives at Torre, ten at Picenz and six at Bussi.

HORROR OF DISASTER GROWS.

ROME, Jan. 14.—With every hour, as additional and more accurate details are received, the horror of yesterday's earthquake increases, placing it in the list of calamities in Europe as greater than the Messina disaster of 1908.

The list of dead, dying and injured has increased from a relatively small figure last night to more than fifty thousand, according to an official announcement today, and it is expected that this number may grow before the day is over.

The full extent of the property loss has not yet been determined.

Here in Rome priceless statues, century-old buildings and structures that for years have been the mecca of visitors have been destroyed or injured. The area of the disturbance greatly exceeds that of the Messina earthquake. It covers the whole central portion of Italy, extending from Naples on the south of Ferrara on the north.

The most disastrous disturbance, from all reports seems to have centered in the vicinity of the town of Avezzano, where 15,000 persons have been killed or injured, according to the latest official reports. Reports of damage in varying degrees of severity have come from Latium, Abruzzi, Umbria, The Marches, Tuscany, Aezlia, Campania and Apulia.

EARTHQUAKE BELT IS 300 MILES LONG.

The earthquake belt is estimated to be about 300 miles long, extending practically from one side of Italy to the other. In Abruzzi, Latium and Campania the quake reached its highest degree, described by scientists as "catastrophic" and in other places it varied between the seventh and the tenth degrees.

Relief measures for the thousands who have succeeded in escaping from their ruined homes in safety, but are in want and without shelter, are going ahead with all possible speed. Special trains have been dispatched, carrying physicians and nurses and government officials have been ordered to provide all necessities for the stricken people.

King Victor Emmanuel, despite the protests of government officials, who urged the interna-

(Continued on Page 2, Col 2-3-4)

EMMANUEL HELPS IN RELIEF

King Leaves Rome for Avezzano in Motor Car

Few Escape in Wreck of City; Missing Train Found

By Associated Press.

ROME, Jan. 14.—King Victor Emmanuel at a late hour last night left in a motor car for Avezzano, accompanied by General Brusil, one of his aides. Before leaving the city the King was reminded of the international situation, it being thought that this might keep him in Rome. To this suggestion the King replied: "The sufferings of my people are nearer my heart than anything else."

From the most recent reports it appears that comparatively few escaped from the city of Avezzano. Those who got away and were only slightly injured insisted upon returning to search for relatives and friends among the ruins. Survivors dug frantically into heaps of plaster and stone, often stained with blood.

WOMAN BECOMES INSANE.

The gruesome search was only too often successful.

In many instances survivors fainted as their dead were brought to light. Then the heart-broken searcher had to be cared for by the members of the hastily organized relief committees.

At Sora a woman who unearthed the body of her 3-year-old child suddenly became insane. At Popoli a young husband, returning from the fields, where he had been at work, rushed to his home and found it a heap of ruins. He tore away the fallen masonry and entered what remained of his home only to find his wife lying dead with the baby in her arms.

At Sora an old grandfather, the sole survivor of his family, insisted upon forcing his way through the shattered walls of what once had been his home. Suddenly the walls collapsed and the old man was buried with the other members of his family.

A railroad train which yesterday was reported missing has been found near Avezzano. It had run off the tracks.

There is nothing like satisfactory communication with the stricken district, and consequently exact figures as to the losses in lives and property are impossible to obtain. Railroad traffic between Avezzano and Tagliacozzo still is interrupted.

EXTINCT VOLCANO, SOURCE.

Very grave reports are coming in from Bizz, Popoli, Cocullo and Capadoccia.

The center of the disturbance appears to have been the extinct volcano of Fucino, in the province of Aquila.

The work of rescue and the search of the ruins in the hope of finding people still alive was continued all through the night. Bombs were lit and torches brought into use. The soldiers who early were ordered to the scene did excellent work.

Medical men are working to test the possibility of epidemics among those who escaped. A large number of people died from the stricken area and will for a time be without adequate shelter and food.

Woman's Health Requires Care

Women are so constituted as to be peculiarly susceptible to constipation, and their general health depends in large measure on careful regulation and correction of this tendency. Their delicate organs must rebel at the violence of cathartic and purgative remedies, which, while they may afford temporary relief, shock the system and seriously disturb the functional organs. A mild laxative is far preferable and, if properly compounded, much more effective.

The combination of elixir laxative herbs with peppin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

ELECTION CONTEST MAY BE SCANDAL

Attorney for Helmstein Asks That Precinct Officers Be Summoned.

(Continued From Page 1)

was located at Seventh and Filbert streets.

Other precincts in which discrepancies have been shown are precincts 2, 4 and 5, located at Fifth avenue and East Fourteenth street, along with precinct 2.

In precinct 10 the recount gave Kelley 265 and Helmstein 174, with a gain for Helmstein of twenty-nine votes. In that precinct the count was not concluded until late Thursday, following the Tuesday election. It is declared that there was considerable laxity in the count after 1 o'clock Wednesday morning, at which time it is declared the precinct did the calling, with one man talking.

Attorney Stiefvater stated at noon today that he would present testimony in support of contentions that precinct No. 10 had been tampered with, and stated that if his surmise proved correct he would ask Judge Wells to throw out the precinct. It is a precinct ever which a stipulation was entered into reserving the right to ask that it be thrown out. It is possible that some other action will have to be taken in regard to the other precincts in which discrepancies have been apparent.

THOSE IN CHARGE.

The election officers in precinct No. 10 who acted and received pay were:

Grace Simon, 1461 Alice street.
Laura B. Maller, 1825 Harrison street.
Isabella Schumaker, 1525 Alice street.
Ellis L. Dinnick, 1710 Webster street.
M. M. Jacobs, 1519 Alice street.
Amelia Blackman, 1710 Webster street.
In precinct 16, Seventh and Filbert streets, were:

John G. Conroy, 520 Filbert street.
Ida Capacio, 330 Linden street.
Margaret Robinson, 401 Market street.
James G. Quirk, 1016 Fifth street.
James J. Mansfield, 522 Linden street.
W. P. O'Hara, 1107 Fifth street.

MILITARY GUESTS DEPART.

By Associated Press.

LONDON, Jan. 14.—A Berlin dispatch to Reuters' Telegram Company by way of Amsterdam says the foreign military attaches who have been the guests of the German army in the western theater of the war, have left for the eastern arena.

15,000 KILLED IN AVEZZANO AND ENVIRONS BY QUAKE

King Victor Emmanuel Leaves Rome to Direct Rescue Work

(Continued From Page 1)

tional situation in Europe as a reason for his staying in Rome, left early today for the vicinity of Avezzano to do whatever he could, and by his presence give stimulus to the relief work.

Queen Helena, still in bed since the birth of a daughter, has expressed the keenest regret that she could not fly to the scene of devastation, as she did at Messina.

Relief committees are being organized in each locality that has been stricken, to work under the direction of the central committee in Rome, which is under the supervision of Premier Salandra.

Soldiers have been rushed to the scene and by night will have established tent camps in vacant hollows. Thousands may find temporary shelter.

Lines of communication, especially railroad tracks and telephone and telegraph wires have been interrupted seriously throughout the entire earthquake belt and the transportation of supplies furnished by the government and private sources is going forward by automobile and horse-drawn wagons.

The forces at work relieving distress face scenes of the greatest tragedy. Families have been separated. Children are fatherless. Wives have become widows.

In every stricken section temporary hospitals have been established and to these have gone nurses and doctors to care for the injured. The list includes the Duchess of Aosta, who has gone to Monteroduni as a nurse.

The towns of Avezzano, Capelle, Magliano, Marsia, Massafra, Colaninno, Cerchio, Celano, Lelli, Paterno, San Felice Gossanardi, Scurocola, Capistrello, Antrosano, and Castromonte have been practically destroyed. Pescocostanzo, Ortonovo, San Benedetto, Ortucchio, Cocullo, Bisegna, Belsoruno, Canistro, Civitelladante, Castellafiumi, Fagiolara and Sorbo received serious damage.

Tagliacozzo, Ovindoli, Cappadocia, Sant' Maria, Poggio Filippo, San Donato, San Stefano, Roccaraso, Carsoli, Peraluco and Trascio were all more or less damaged. Every one of these towns shows a casualty list.

Every train arriving from the Abruzzi brings hundreds of persons who have been injured. The refugees are received at the station by representatives of the municipal authorities and distributed among hospitals and private houses. Every hospital in Rome was filled to its capacity early in the day.

Prince Colonna, the Mayor of Rome, placed at the disposal of the refugees several hotels, where food and lodging will be furnished at the expense of the city.

EARTHQUAKE ZONE EXTENDS ACROSS ENTIRE WIDTH OF COUNTRY

By Associated Press.

ROME, Jan. 14.—Late reports from the zone which suffered from yesterday's earthquake, while still fragmentary, indicate that there has been appalling loss of life and property. Latest estimates of the killed and injured are 30,000, but fear is felt here that the death list may be larger when the figures are officially compiled. Estimates of the number of dead range from 12,000 to 15,000.

The earthquake zone, so far as can be gathered here, extends nearly 500 miles, from below Naples in the south to Ferrara in the north, and practically across the entire width of the country in the district indicated. The country to the east and southeast of Rome suffered the most, apparently, for reports of loss of life and damage to property come from all over this district.

Avezzano, with 12,000 inhabitants, 62 miles east of Rome, seems to have been the center of the disaster and

this place, with a number of nearby towns and villages, is reported destroyed.

Among the towns in the earthquake district reported destroyed are Bussi, Capelle, Scurocola, Magliano, Cappadocia, Celano and Pescora. Sora and Arpino are said to have been partially wrecked.

Naples felt the shock severely, but suffered only slight damage. Sulmona and Aquila, in the province of Abruzzi, and other towns in that region report much damage and some loss of life.

100 DIE NEAR ROME.

No one was killed in Rome, but there was considerable material damage. Several of Rome's historical structures were damaged, but it is hoped not irredeemably so. About 100 persons were killed in towns near Rome, according to reports.

Relief work already is under way and it is said that King Victor Emmanuel will himself visit the most severely stricken districts at the earliest possible moment.

Premier Salandra has taken charge of the relief work. He has established quarters in the home office, from which he will direct the rescue work in the earthquake district. Special trains with doctors, medicines, ambulances and nurses already have been dispatched and government officials have been given carte blanche to provide all necessities to the stricken people.

Queen Helena has expressed deep sorrow at the fact that she is obliged to remain in bed, owing to the recent birth of a princess, as she ardently desired to go personally and give succor to victims. The Duchess of Aosta has gone to Monteroduni, where she has installed herself as a hospital nurse for the wounded.

POPE AWAITS REPORT.

Pope Benedict is awaiting a report from Monsignor Saggi, archbishop of Aquila, on the gravity of the situation and the probable loss of life. He has expressed a desire to go to the spot if his presence is necessary to encourage and comfort the distressed.

The anxiety concerning the province of Potenza seems unnecessary, as the latest reports say that while the earthquake damaged buildings there it caused no loss of life. The greatest injury occurred in the villages around the extinguished volcano Vulture.

Director Friedlander of the International Volcanological Institution at Naples says the origin of the earthquake is geological and not volcanic, with its epicentrum in the valley of Garigliano river. The registration of the earthquake at the observatory lasted for forty seconds and was so violent that the needles broke.

Mount Vesuvius, according to the observers in that district, has shown no signs of unusual activity.

VOICES OF WOMEN CALLING ON SAINTS MINGLE WITH ROAR

By Associated Press.

ROME, Jan. 14, 12:50 a. m.—A young Italian driver who left Avezzano a few minutes before the earthquake gave a brief account of his experiences when he reached Rome at an early hour this morning. His first intimation of trouble was when the horses of his carriage suddenly refused to go farther. They stood trembling and at the same moment there came a deep rumbling like the roar of a railroad train coming over

TRAIN ARRIVES AT ROME WITH HUNDRED AVEZZANO INJURED

By Associated Press.

LONDON, Jan. 14, 9:45 a. m.—A train has just arrived at Rome with 100 injured from Avezzano and Tagliacozzo, says a dispatch to Reuters' Telegram Company from the Italian capital, who confirms the news that Avezzano has been destroyed.

A dispatch from Rome to the Daily News gives the following official statements issued there regarding the earthquake:

"The district of Sulmona is badly damaged and the victims are numerous. Twenty persons were killed and many injured at Vialago. Rescue work has been started at Popoli and Pentina, where many houses are damaged. The damage is extensive at Aquila and Isola Dellini and seven other small towns in the province of Rome.

"The village of Sora has been razed to the ground.

"At Sulmona the barracks, St. Dominic's Church and many houses collapsed, while others threaten to fall.

"Loss of life is feared at Chieti, Teramo and other towns in Abruzzi."

GRANDFATHER BOURNE, IS NEWS TO CROCKER

SAN FRANCISCO, Jan. 14.—Can a smile be sent by cable? Ask William H. Crocker, any time today. This morning he received a cablegram from his friend, W. B. Bourne, president of the Spring Valley Water Company.

Bourne is in Europe with his family, including his daughter, Mrs. Arthur Vincent. He wore an expansive smile when he filed an expansive cable which bore a wee bit of family news, and when the message reached his banker friend here the expansive smile came with it, and no extra charge by the cable company.

The message concerned chiefly the appearance of an intrepid stock that is not afraid to fly on the thirteenth of the month, and a bit of a baby girl that came together to Mrs. Vincent's. Bourne, which is in Killarney, Ireland.

It so happened that yesterday, January 13, was also Mr. Crocker's birthday, and hence the big broad smile when he learned that he had been chosen as godfather of the child.

SHIP YARD WORK STARTED.

Work started today on the new W. H. Hannon ship yards, which were some time ago announced to be built at the time the city of Oakland was approached for a lease of land for the new enterprise. The ship yard will be one of the largest plants of its kind on the coast, and capable of building any type of steamer. It will be situated at the foot of Fifth avenue.

THE HOME DOCTOR

(Clip out and save)

How To Cure Rheumatism.

Here is a prescription for rheumatism (to be mixed at home) used all over the U. S. for many years and said to be the surest known remedy; neutralizes acid in the blood and gives results after first dose. "One ounce of Toris compound and one ounce of Sarsaparilla. Put these two ingredients in half pint of whiskey. Let a tablespoonful before each meal and at bed time." Get ingredients at any drug store. Genuine Toris comes in one ounce sealed yellow packages.

Surest for Coughs and Colds.

Don't experiment on a bad cough or cold. It is very tricky. The following formula easily mixed at home makes one of the surest and quickest cough and cold remedies obtainable, often curing the worst cough or cold in a day. Pine as medicine is as old as the Bible but here is best form. "Two ounces of Glycerine and half an ounce of Globe Pine Compound (Concentrated Pine). Add these to half pint of whiskey. Let a tablespoonful frequently as required. (Smaller doses to children.) Be sure to get the genuine Globe Pine Compound (Concentrated Pine). It is not up only in half ounce bottles, each enclosed in a wax-top can.

Frost Bites, Corns and Sore Feet.

Don't endure foot agony. Here is a remedy for quick results. It works through the pores removing the cause. Two tablespoonfuls of Calocole compound in warm foot bath. Gives instant relief for aching and sweaty feet, corns, callouses, can be peeled right off. Specific effective for sore throats, chilblains, and frost bites. A large box of Calocole twenty-five cents at any drug store.

The above recipes published by the Medical Formula Laboratories, Dayton, O.

Save Money and Build Health

There's a way—

A heavy breakfast of meat, potatoes, griddle cakes, coffee, etc., is a severe tax on the digestive organs, and often results in stomach troubles and other ills.

At less cost you can enjoy a far more digestible meal, just as palatable and nourishing, and with a good deal better results for health.

Fruit, Toast,
A poached Egg or two,
Grape-Nuts with cream or milk,
A Steaming Cup of Postum.

There's a breakfast that saves money—makes for health and comfort, and—

It Tastes Mighty Good!

Grape-Nuts is made from selected wheat and barley, retaining all the nutriment of these rich grains, including their wealth of mineral elements, so essential for sturdy bodies, keen brains and steady nerves. The malting of the barley and the long baking—about twenty hours—makes Grape-Nuts wonderfully easy to digest.

Ready to eat, highly concentrated, economical, appetizing.

"There's a Reason" for Grape-Nuts

TOWN OF AIELLI IS DESTROYED; 1000 KILLED AND 500 INJURED

By Associated Press.

LONDON, Jan. 14.—One thousand persons have been killed and 500 injured by the earthquake which completely destroyed the small town of Aielli, to the east of Rome, according to a dispatch to the Exchange Telegraph Company. Magliano was also destroyed. In the province of Aquila 40 persons were killed.

Several persons were killed or injured at Trastevere province of Perugia. Ten persons were killed in the electric station at Anicella.

Several of the morning newspapers report great loss of life in the earthquake zone.

The latest Rome dispatch to the Times reports eight persons were destroyed in Rome. The dispatch adds that telegrams received from the province announced further damage and additions to the death toll especially at Tivoli, where the population is camping in the open in fear of further shocks. It is feared that some of these have been done in the department of the Abruzzi.

Calabria and Sicily report that the shock was not felt there.

WIRES BREAK.

Other special dispatches say that owing to the breaking down of the telegraph and telephone lines, it has been impossible to ascertain the exact results of the disturbance.

Daily Telegraph's Rome correspondent declares that damage done was very great, especially in the environs of Rome and in the Abruzzi, where he

Three Nights More to Hear Alice Lloyd Sing: "Sister Susie's Sewing Shirts for Soldiers"

War Summary

By Associated Press.

Within a two-hour motor ride of Paris Emperor William is directing a violent attack on the French line. The Germans, under the eyes of their ruler, won an important victory in the fighting yesterday near Soissons, the point at which the battle line, stretching down from the north to the point nearest Paris, turns to the eastward.

In both the Paris and Berlin official statements today the victory of the Germans on the heights of Vregny, northeast of Soissons, is recorded. The Berlin statement adds that the Germans, charging through heavy mud, took trench after trench, clearing the heights and capturing 1230 prisoners.

In the east also furious fighting has been resumed. The Russian forces in East Prussia have been driven back, the Berlin war office states, but the Russians advancing toward the Prussian frontier from the Masovia have captured several towns. In Central Poland the Germans have made four violent attacks within forty-eight hours. They succeeded in driving back the Russians and winning considerable ground.

Reformer Is Accused of Offering Bribe

By Associated Press.

PARKERSBURG, W. Va., Jan. 14.—A Leo Well of Pittsburgh, chief counsel for the Manufacturers' Light and Heat Company, was arrested on a train at Williamstown, W. Va., while en route here today, charged with attempting to bribe C. H. Bronson of the public service commission in an effort to influence a decision in which the light company is interested. Bronson is a brother-in-law of Governor H. D. Hatfield.

Attorney Well is president of the Voters' Civil League of Pittsburgh and several years ago was active in the prosecution of a large number of members of Pittsburgh's city council for alleged malfeasance in office.

By Associated Press.

1000 WOUNDED DAILY.

LONDON, Jan. 14.—As many as 1000 injured soldiers, sometimes are landed in Southampton in one day, declared Dr. Howard Beal, of Worcester, Mass., chief of the hospital at Fawcett and manager of the American Woman's War Relief Fund. Dr. Beal spoke here at a meeting held in the interests of the institution. The Duchess of Marlborough presided.

Dr. Beal cited the mortality in the hospitals in the vicinity of Dunkirk, where the worst cases have been taken, as 40 per cent.

KAISER SEES BATTLE ON PLAIN

Area Is Cleared of French in "Brilliant Feat" of the German Army.

By Associated Press.

BERLIN, Jan. 14, by wireless to London, 2:45 p. m.—Emperor William was present in person during the spirited battle on the Vregny plain to the northeast of Soissons, which resulted yesterday in the elevated ground being cleared of the French and which is described in the German official statement given out this afternoon as a "brilliant feat for our troops." In this engagement the Germans claimed to have captured four French officers and 1150 men. The text of the communication reads:

"In the western theater of the war in the dunes near Neuport and southwest of Tressart the enemy has gone on. The enemy directed an extremely strong fire on Westende, which they soon will have entirely destroyed. Their torpedo boats disappeared quickly as soon as they received our fire.

"In continuation of their activities on January 8, northeast of Soissons, our troops again made an attack on the heights of Vregny and cleared this elevated plain of the enemy. In a pouring rain and under a heavy fog, the enemy was taken by storm until after dark and the enemy was driven back to the border of the elevated plain. Fourteen French officers and 1150 men were taken prisoners and four cannons, four machine guns and a searchlight were captured—a brilliant feat for our troops under the very eyes of their uppermost war lords.

FRENCH REPULSED, CLAIM.

"Northeast of the camp of Châlons, the French attacked again yesterday morning and afternoon with strong forces, to the east of Perthes. They penetrated, at certain places, our trenches, but were repulsed by energetic counterattacks and driven back with heavy losses into their own positions, leaving 160 prisoners in our hands.

"In the Argonne and the Vosges nothing of importance has occurred. In the eastern theater of war Russian attacks to the southeast of Gumbinnen (East Prussia) and to the east of Loetz have been repulsed and many hundreds of prisoners have been taken.

"The situation in Northern Poland is the same.

"Our attacks west of the Vistula are being continued. Nothing of importance has occurred on the eastern bank of the Vistula.

Carranza Troops in Flight at Monterey

By Associated Press.

EL PASO, TEXAS, Jan. 14.—The evacuation of Monterey by Carranza troops was confirmed here last night by apparently authentic information that three trainloads of troops and four trainloads of refugees had reached Reynosa, about 50 miles west of Matamoros.

A telephone report from Hidalgo, not far from Reynosa, says an attack by an advancing Villa force from Monterey is momentarily expected. Information that Carranza troops are retreating from the international bridge and the Mexican end of the international ferry line, stopping travel between here and Matamoros.

The reported retreat of Villareal's Carranza troops was blocked for hours by a head-on collision 60 miles west of here between a west-bound train that left Matamoros last night and a troop train from Monterey, according to reports here which said an engineer was killed.

By Associated Press.

WASHINGTON, Jan. 14.—Doubt as to whether General Guiterrez had been continued by the convention at Mexico City as provisional president existed today at the state department. A telegram from Mexico City announced that the chairman of the committee might give out a notice "that the convention had concluded it would continue President Guiterrez in office," but for some reason the notice was recalled.

Coquettes Are Barred From Jitney Buses

LOS ANGELES, Jan. 14.—Orders to prevent women from making more than one round trip in a jitney bus have been issued by the Auto Bus Owners and Operators Association, according to information given to the members of the utilities committee of the council.

Secretary Poole of the association said that protests were being made against the issue of the jitney buses as vehicles from which to flirt, and that the owners and operators must take measures to stamp out the evil.

He explained that reports had mentioned the names of three women who used the buses on Moneta avenue, from which they flirted and made the business a bad name, and that the bus owners would do all in their power to prevent women from misusing the jitney buses.

Wilson to Endorse Suffrage, Is Report

WASHINGTON, Jan. 14.—President Wilson shortly will come out with a statement favorable to woman suffrage in New Jersey, according to announcement by Dr. Anna Howard Shaw today after she and Mrs. Wood McCord, and Mrs. Winston Churchill had called on the President. Dr. Shaw said they had not discussed national suffrage issues.

BATTLE FRONT IS FLOODED.

BERNE, via Paris, Jan. 14.—From Alsace it is reported that several sections along the front have been inundated, that the rivers have run over their banks in consequence of the heavy rains and that wide fields have been transferred into lakes. There are several feet of water in the German trenches and the soldiers have constructed plank roofs over the whole length for protection. The operations have been considerably widened by the unfavorable weather in upper Alsace.

DROPS BOMBS ON WARSAW.

LONDON, Jan. 14.—A Berlin dispatch received by the Exchange Telegraph Co. says a German airplane on Sunday dropped bombs on Warsaw. Several buildings in one of the principal streets were set afire.

HEADS NILE CLUB PARKER IS PICKED

CHESTER L. PARKER.

Chester Parker will be the new president of the Nile Club, succeeding Claude B. Barton. Parker headed the regular ticket that was elected yesterday without opposition. The other officers are: Edward R. Ellissen, vice-president; J. F. McMath, secretary; Clarence Crowell, C. B. Barton, E. R. Tait and Charles M. MacGregor, directors.

The Nile Club's annual dinner will be held Saturday evening in the Egyptian room of the Thirteenth street club and over one hundred members will sit down to table.

The program will take the form of a high and low links. Among the soloists will be Chester Burks, who will sing the leading role next year in the Bohemian Club jinks.

OFFICIAL WAR STATEMENTS

By Associated Press.

PARIS, Jan. 14, 2:45 p. m.—The French official statement on the progress of the war given out this afternoon shows the fighting yesterday north of Soissons was most determined. The French could make no material progress on the left of their Soissons line. They held their position on the center and were compelled to yield on the right. The French troops are described as taking up positions on the south bank of the river Aisne. Spirited artillery exchanges continued yesterday at other points on the battle front. The text of the communication follows:

"In Belgium the firing of our artillery was interfered with by the fog; nevertheless the cannonading yesterday was very spirited in the vicinity of Neuport around Ypres. Certain detachments of Belgian troops blew up, at a point to the southeast of Stuyveskerke, the buildings on a farm which were serving the enemy as a depot for his ammunition.

"Between the Yve and the Oise, in the region of Lens, our artillery was successful in dispersing a group of German pioneers on the outskirts of the Hamlet of Ambras, and it bombarded effectively the German trenches to the southeast of the channel of Notre Dame de Lorette.

"To the north of Spicque there was determined fighting all day yesterday. The engagement was localized to a section of ground to the north of Crouy. We held only the first three-quarters of the hill. On our left in this field our counter attack made slight progress, but without succeeding in recording a material advance. On the center we retained our positions around the village of Crouy in spite of the repeated efforts of the enemy to dislodge us, but on the east in front of Vregny we were obliged to yield.

FLOODS CARRY AWAY BRIDGES.

The continued flood stage of the river Aisne has carried away several of the regular bridges and some of the temporary foot bridges which were built across the river. The lines of communication for our troops were consequently made uncertain. Under these conditions we established ourselves on the south bank of the river in the region between Crouy, with bridge heads on the north bank in our possession.

"Along the remainder of the front of the river Aisne there was yesterday nothing more than artillery exchanges.

"In Champagne the region of Verdun continued to be the scene of local engagements for the possession of German trenches on the second and third lines of defense. To the north of Beaumont we blew up some of the enemy's positions to make it impossible for him to lay mines.

"The Germans, believing they were being attacked, mined their trenches. We then opened a violent artillery and infantry fire on these positions. There is nothing to report on the rest of the front.

TURKS REPORT ADVANCE.

By Associated Press.

AMSTERDAM, Holland, via London, Jan. 14, 5:15 p. m.—There has been received here an official communication given out at Constantinople by the Turkish authorities as follows:

"Assisted by Persian troops, our army is steadily advancing in Azerbaijan Province, Persia, in order to deliver the country from the Russian yoke."

"We have had further notable success, occupying advanced positions of the Russians in the vicinity of Tabriz."

"A number of tribesmen of the British army of occupation in Egypt have surrendered to our vanguard."

SAYS SWISS NEUTRALITY COSTS GREAT SACRIFICES

By Associated Press.

LONDON, Jan. 14.—Dr. Giuseppe Motta, President of Switzerland, in an interview yesterday, said neutrality was costing Switzerland enormous sacrifices in money and trade, according to the Bernese correspondent of the Daily News.

Dr. Motta asserted that the budget deficit in money and trade for the last current year was in the neighborhood of \$5,000,000.

ASSUMES SPECIAL POST.

TURKS CONTROL TABRIZ HIGHWAYS

Strategic Importance of Occupation Lies in Isolation of Frontier.

(Continued From Page 1)

panies which have obtained concessions from Persia.

The occupation of Tabriz by the Turks was accomplished only after a hard fight, in which artillery was employed, according to information that has reached the Persian legation here.

Hassan Ali Khan Gaffary, first secretary of the legation, said the Russian garrison at Tabriz had offered stubborn resistance but had been compelled to retire, owing to the overwhelming numerical superiority of the Turkish forces.

UNDER ENGLISH AGREEMENT.

Russian troops had been garrisoned in Northern Persia since the revolution in that country in 1908-07, under agreement with England, which for a long time controlled the southern portion of the country.

The Turkish forces which occupied Tabriz came from Erzerum, covering 100 miles over a circuitous route, through a difficult mountainous territory.

The Russian government continues to protest against Turkey's violation of Persian neutrality and intimates that Persian officials have not taken sufficiently energetic measures to prevent this violation.

CHRISTIANS MASSACRED.

PETROGRAD, via London, Jan. 14, 9:10 a. m.—The correspondent of the Bourse Gazette at Tiflis sends a statement made to him by Schoofa Ed Daculeh, the former governor of the province of Azerbaijan, Persia, who has arrived in Tiflis. He is one of four survivors of a guard of 400 horsemen who defended the bridge at the entrance to Miandoab, "the gateway of Persia."

He fought the Turks for ten hours, enabling refugees to escape to Marazha, fifty miles south of Tabriz. All Christians who remained in Miandoab, he stated, were massacred.

When I heard that the Turks were advancing," he said, "I posted 1500 troops in one of the Miandoab forts and 1200 in another. I myself with 400 relatives and friends fought a hopeless battle at the bridge until all but four were killed by the Turkish quick fire. I then fled on horseback from Tabriz to Julfa.

"All the members of the consulates and banks escaped from Tabriz."

STRUGGLE FOR KNOIL.

LONDON, Jan. 14, 10:15 p. m.—Like the stubbornly contested battle in the early days of the war on which the German occupation of West Flanders, the struggle for the Knoll northeast of Soissons, known as "spur 132," still remained undecided today, according to information received here.

The Germans, however, by their counter attacks appear to be in the better position to the eastward of the spur.

In view of the relatively small amount of ground gained, the losses

Unneutral Acts Are Protested by Panama

By Associated Press.

PANAMA, Jan. 14.—The Republic of Panama has filed a note of protest with Sir C. Mallett, the British minister resident against the violation of her neutrality last month, when British and Japanese warships entered San Miguel bay and other Panamanian waters to take on coal and supplies.

The note in question is couched in friendly terms and is in no sense aggressive.

This action by the British and Japanese warships was part of the series of incidents which led Colonel Goethals to ask Washington for American torpedo boat destroyers to protect the neutrality of the canal.

RUMANIA TRANSMITS ASSURANCE TO BULGARIA

By Associated Press.

LONDON, Jan. 14.—A dispatch to the Times from Sofia says it is announced that Rumania has informed Bulgaria that her military preparations are not directed against Bulgaria.

DOWNTOWN ASSN. WILL URGU TAX EQUALIZATION

Armed with figures taken from the books in the county assessor's office, members of the Downtown Association in meeting in Hotel Crellin last evening, started a campaign for the equalization of taxes by the appointment of a committee to meet with the assessor and go further if necessary to have properties in the district south of Twelfth street more equitably assessed. It was stated that in 1907 certain instances showed increases in assessments of from twenty-five to one case as high as three hundred per cent; that since then no decrease has been made even though rents in the district had been greatly reduced. In the blocks from Seventh to Sixteenth, but more especially to Twelfth street and from Franklin to Clay streets, this year there had been an increase of from ten to twenty per cent with absolutely nothing to warrant any increase but on the other hand plenty of cause to demand a decrease. Rentals have almost without exception been reduced. Several members present cited specific assessments of properties up to asking values. One member quoted property assessed at \$12,000 which was bringing in but a nominal rental and he would gladly sell at \$15,000. One instance of a sale for \$9000 was cited where the property was assessed at \$19,000. Many such instances were noted and President Montell Taylor appointed a committee consisting of W. L. Chamberlain, chairman, W. H. Henry Dean, G. Witter, Irving C. Lewis, Dr. E. C. Schwaner, E. C. Kayser, A. E. Corcoran, R. E. Deane, H. A. J. McMillen, S. E. Biddle, C. A. Appleton, A. R. Derge, F. A. Braun and J. M. Salinger to consider ways and means of having the assessments made upon a more equitable basis and to that end a meeting will be held next Wednesday evening by the above committee.

"FACTORY INCUBATOR" LATENT.

A "factory incubator" is the latest enterprise planned for Oakland. Plans are now under way by local capitalists for the construction of the building, which will be designed to house a number of small factory enterprises, furnishing them with accommodation until they are ready for larger quarters. By pooling their interests in one building cheaper power light and other accommodations may be gained by the embryo factories. The plan has for some time been urged by the manufacturers' committee.

Emperor Thanks and Decorates Minister

By Associated Press.

VIENNA, via London, Jan. 14, 1:32 p. m.—An autograph letter from Emperor Francis Joseph to Count Leopold von Berchtold, accepting his resignation as foreign minister, is published today in the official Vienna Gazette. The Emperor expresses his warmest thanks and "my full recognition of the distinguished service you have given to my house and to the monarchy in times of peace, as well as during this great war."

"It is with regret that I see you sever yourself from the ministerial functions," the Emperor says in conclusion, "and I confer upon you, as a token of my continuous affection, the brilliant stars of the Grand Cross of the Order of St. Stephen."

GERMAN "MOVIES" FOR TURKS.

By Associated Press.

PARIS, Jan. 14.—Emperor William has presented the Turkish government with a series of moving picture films of the Germans in battle, according to a Copenhagen dispatch to the Temps. These, it is affirmed, will be reproduced publicly at Constantinople.

BELGIUM LOOKS TO U. S. FOR AID

Governor Johnson Issues a Statement at Instance of Relief Committee.

SACRAMENTO, Jan. 14.—Governor Johnson issued a statement yesterday at the instance of L. W. Bates, chairman of the National Belgian Relief Committee, New York, advising the people of California how best they could preserve 1,400,000 residents of that war-torn country from starvation. It is pointed out that conditions in the little kingdom are appalling and residents are in great distress. Nearly a million and a half are without food or clothing except such as comes from the United States.

Governor Johnson was implored to advise the people of California that the 6,500 postoffices in the United States and the 2,500 express offices had notified the relief commission that non-perishable foodstuffs and clothing would be transported to Belgium or to the relief headquarters in New York.

The message points out that the relief committee is maintaining an every-day service between the United States and Belgium, and having chartered thirty-one steamers to transport supplies and keep the people of the little nation from immediate starvation, the best communication with Belgium can be obtained via the steamers of the commission, for this reason all charitable-minded should send their donations, large or small, to the commission headquarters, 71 Broadway, New York City.

Great stress is laid upon the fact that the entire population of Belgium is in need, and that failure to provision the stricken nation for several days may mean thousands of deaths.

ESTUARY ENTRANCE TO HAVE NEW BEACON LIGHT

The entrance to the estuary is to have a new government beacon light within the next few days, according to an announcement issued this morning from the office of H. W. Rhodes, United States government lighthouse inspector of the Eighteenth district. This is to be a 450-watt power beacon light to be situated southeast of the two southern Pacific towers, carrying the power wires across the estuary. It will be 40 feet above the water.

BANK RE-ELECTS ENTIRE BOARD OF OFFICERS

The officers who last year guided the destinies of the Farmers and Merchants Bank of Oakland, will assume the same responsibilities for 1915, having all been re-elected at the directors' and stockholders' meeting. The officers are as follows: Edison F. Adams, president; S. B. McKee, vice-president; George S. Meredith, cashier, and F. C. Martens, assistant cashier. The directors are Edgar F. Adams, S. B. McKee, C. H. Redington, C. H. Daly, C. D. Brues, George S. Meredith and F. C. Martens.

DISCUSS DACTA TRANSFER

WASHINGTON, Jan. 14.—Sir Cecil Spring-Rice, the British ambassador, discussed at length yesterday with Secretary Bryan and Solicitor General Johnson questions which have arisen over the transfer from German to American registry of the Hamburg-American liner Dacta. Although no decision will be reached until telegrams have been exchanged with the British foreign office, it became known that the Dacta may be permitted to carry cotton if she sails for Rotterdam instead of Bremen.

LEAVES FOR SAN DIEGO

Walter Lelmer left today for San Diego, where he will be the guest of the exposition directors. The local man, who is a recognized expert on city planning, will spend several days in the south.

Beautiful Hair Tinting

Absolutely and Positively Harmless "Brownstone" Instantly Changes the Hair to Any Shade of Brown (or Black if Preferred.)

Nothing so robs a woman of her good looks and attractiveness as gray, streaked or faded hair. And there is no more reason or sense in tolerating unbecoming hair than there is in wearing a ugly, coming wig. Near 15 of the most famous beauties long ago recognized the fact, and so wear the hair tinting which is not only in style, but also the color, most becoming.

The one hair stain that stands supreme is "Brownstone." It is simple and easy to use. Just comb or brush it into your hair. It cannot be detected, will not rub or wash off, acts instantly, and is absolutely harmless.

"Brownstone" will give any shade desired, from golden brown to black. Your druggist sells "Brownstone" or will get it for you, and it is worth your while to use it. Just comb or brush it into your hair. It cannot be detected, will not rub or wash off, acts instantly, and is absolutely harmless.

"Brownstone" will give any shade desired, from golden brown to black. Your druggist sells "Brownstone" or will get it for you, and it is worth your while to use it. Just comb or brush it into your hair. It cannot be detected, will not rub or wash off, acts instantly, and is absolutely harmless.

Two shades—25c and 50c. Two shades—One for Golden or Medium Brown, the other for Dark Brown or Black.

Insist on "Brownstone" at your hair-dresser's.

Prepared only by the Kention Pharmaceutical Co., 514 E. Pike St., Covington, La.

NEW Y. W. C. A. HOME TO BE OPENED TOMORROW

Handsome Structure Will Receive Its First Flood of Visitors

Today the carpenters' scaffolds still latticed the court of the new Young Women's Christian Association building on Webster street. Paperhangers were hanging the last strips of paper, lighting fixtures and tiles were being fastened into place, furniture rode steadily up many flights of stairs on the backs of movers. But tomorrow is to find the court and spacious rooms finished and ready for the first flood of visitors.

Tomorrow is to be members, donors and builders day. Everyone who took any part in realizing this idea of the association, from the humblest contributor to the largest donor, campaign workers, and the workmen who fashioned the actual building—all are to pay their visits tomorrow. Over five thousand people more than have had a hand in erecting any other building of the city have helped in securing this one. So the opening at home will be a very large affair.

Mrs. F. M. Smith is to preside as hostess with a large committee assisting her to receive the guests who will fill the entrance, the galleries and great bare cafeteria that might be a dancing salon except for the wide hood extending out over a tiled bar at one end. Everywhere beautiful tropical trees, plants and ferns sent by Mrs. Smith will stand, filling the space for the fountain in the center of the court, rising against the pillars. All the rooms open on one another through arches and French doors, and the light pouring everywhere through windows, many pointed windows on all sides, and from a shimmering glass roof that crowns the court.

ONLY ONE SPEAKER.
With Mrs. Smith tomorrow at the head of the program are to be Mrs. E. J. McKee, who was chairman of the program, speakers are to be Wallace M. Alexander, who will represent the donors; Arthur A. Lett, who will represent the three hundred campaign workers who helped raise the \$20,000 a few years ago; and Mrs. Walter Henry, of the building committee.

By that building committee, Miss Julia Morgan, the architect, is considered "the brain" that has made possible the beauty and distinction of the building. The idea has been to keep to simplicity and harmony. In doing so, she has also infused an inspiring quality.

TRIPART OF ART.
On the first floor there are tessellated pavement and lofty ceilings, from which depend lamps of interesting design. On the left are offices, on the right a library in blue-gray tones. A fireplace with a graceful base-relief in stone forms a fireproof near its entrance in the hall. The cafeteria, at the back, is a triumph of space and sunlight and controlled color. The stairways and upper halls are beautifully planned and lead from one attractive vista to another. The many hotel rooms are completed with art rugs, cretonne hangings and sheer curtains, in addition to simple necessary furniture. All the woodwork, the tiling, every detail has been carefully considered.

After tomorrow others beside the five thousand members donors and campaign workers are to visit the new building, which is open to the public. For the following days, the program is as follows:

Saturday afternoon—Miss Ida Vandergraw, president; Miss Annie F. Brown, speaker; Miss H. B. Ege, speaker.

Saturday evening—Mrs. F. K. Mott, president; Mrs. William J. Simonds, prayer; Dr. Alexander Allen, scripture; the Rev. Albert W. Palmer, address; Mrs. Warren Oliver Jr., presiding.

Monday afternoon—Mrs. Raymond C. Brooks, president; Mrs. Julia Fraser, speaker.

Monday evening—Mrs. C. M. Hill, presiding; Dr. George W. White, Mrs. Evelyn Browne Keck, John Fechter.

Tuesday afternoon—Mrs. Ella Wolfen-

RELIEF FOR IDLE MEN UNDER WAY

Council Begins Action to Appropriate Woodyard Building Fund.

Ordinances appropriating in all \$10,000 and committing the city to an additional \$10,000 to be used to purchase a site for a shelter for the homeless and for the municipal woodyard, to erect a building, and to provide employment for idle men, were introduced and given their first reading before the city council today.

The council entered into a contract with S. Livingston for the purchase of a lot of 15 by 125 feet in Eighth street on the north side, 75 feet east of Harrison street. The ordinance appropriates \$1000 as the first payment for an undivided one-sixth interest in the property, and the option provides that the balance of \$10,000 shall be paid in five annual installments, with interest at 6 per cent.

R. A. Lett, representing the board of woodyard directors, told of the manner in which the woodyard board had worked in making a selection of a suitable site, not in a remote district and sufficiently large to centrally locate to meet the requirements of the municipal woodyard and shelter. A real estate agent was given the work of obtaining options and prices, and the owners were not informed that the property would be for city uses.

The eighth street lot was finally selected as the best and cheapest for the purposes required. Lett thanked the council for its co-operation in the work of solving the problem.

"The city owes a debt of gratitude to the woodyard directors for their splendid service," said Mayor Frank R. Mott. "They have been active and unselfish in the interests of the city, and we have had the help of men of business acumen who have spent hours doing this work. They deserve our highest praise and sincere gratitude."

The option provides that the city may take possession of the property immediately. The building will be started in the near future and will cost approximately \$7000. The sum of \$2000 will be used in hiring unemployed men of Oakland, and preference will be given by the woodyard directors to married men with children. They will be employed on city work, such as street work or work on public buildings.

"The Story-Telling Lady" Will Be Here Saturday Afternoon to Tell Stories to the Children.

Friday and Saturday

to be made memorable by

SALES

in which are featured

Suits, Silk Petticoats, Embroideries, Crepe de Chine Underwear, Curtain Nets, Remnants and other items.

No matter what the weather it will pay you to come to the store tomorrow for these bargains made possible by the January Clearance Sales.

Women's High-Grade Suits====Half Price

All that remains of this season's models. Materials are serges, broadcloths, velvets, gabardines and faille cloth. Both dress and plain tailored styles. Colors: black, navy, brown, green, burgundy and wistaria.

Regular \$45.00 Suits for...\$22.50
Regular \$50.00 Suits for...\$25.00
Regular \$55.00 Suits for...\$27.50
Regular \$67.50 Suits for...\$33.75
Regular \$125 Suits for...\$62.50
Regular \$137.50 Suits for...\$68.75

Suits for Stout Women Half Price

In plain tailored styles. Materials are serges, in colors of gray, black, navy and brown mixed suitings—all splendidly made and lined with Skinner's satin.

Former Prices...\$25.00 to \$45.00
Sale Prices...\$12.50 to \$22.50

Neckwear—Half Price

One lot of net and lawn collars in high and roll effects. Very pretty and stylish. Also net vestees. Regular 25c values for—12 1/2c.

Suit Collars and Cuffs—Various styles and shapes.

Regular 50c values for...25c

Sample Line Crepe de Chine Underwear Half Price

Soft, beautiful Night Gowns, Combinations, Petticoats and Camisoles, Princess Slips and Bloomers, in white and delicate colors. Exquisitely trimmed with dainty laces. A final January clearance of the sample line of one of the country's best makers.

CREPE DE CHINE CAMISOLES.
\$1.25 values...65c \$3.30 values...\$1.65
\$3.85 values...\$1.93

CREPE DE CHINE COMBINATIONS
\$4.50 values...\$2.25 \$6.00 values...\$3.00
\$15.50 values...\$7.75

CREPE DE CHINE NIGHTGOWNS
\$9.00 values...\$4.50 \$13.95 values...\$6.98
\$25.00 values...\$12.50

CREPE DE CHINE PETTICOATS
Regular \$6.00 values...\$3.00
Regular \$10.50 values...\$5.25
Regular \$12.00 values...\$6.00

CREPE DE CHINE BLOOMERS
Regular \$3.50 values...\$1.75
Regular \$5.25 values...\$2.63
Regular \$10.50 values...\$5.25

Embroideries—1/2 Price

Narrow Embroideries—Swiss, Nainsook and Cambric edges ranging in width from one-and-a-half to five inches. Regular 10c and 12 1/2c values—5c yard.

Wide Embroideries—Swiss, Nainsook and Cambric demi-bounding edges and allovers suitable for underwear or dresses. Both small and large patterns. Widths 12 to 18 inches. Regular \$1.25 values for yard—58c.

Curtain Nets—Half Price

Figured Caledonia Nets for Curtains. Lengths from 10 to 35 yards; widths from 40 to 54 inches. Regular prices 35c to 50c. Sale price—20c yard.

Dress Waists—Half Price

A stock readjustment yesterday placed many higher priced waists in the HALF PRICE Sale. Pretty Chiffon, Lace, Silk, Irish Lace and Net and Plaid Combinations made in various pretty and becoming styles. A good variety from which to choose.

Original Prices...\$6.50 to \$30.00
Sale Prices...\$3.25 to \$15.00

Ribbons—Half Price

Velour Ribbons in many patterns, colorings and widths. A rare chance to buy these beautiful ribbons for fancy work and other purposes at half their worth.

Regular Values 50c to \$3.50 yard
Sale Price...25c to \$1.75 yard

WARP PRINT RIBBONS—HALF PRICE

Handsome ribbons in six-inch width. Regular 12.25 yard values for—65c.

Novelty Wash Fabrics Half Price

A collection of pretty and stylish Wash Fabrics including silk-striped crepes, satin striped velvets and other mixed novelties.

Regular Price...50c Yard
Sale Price...25c Yard

25c PRINTED VOILES, 12 1/2c YARD.

Mill seconds in pretty colorings and striped and floral patterns. Some slightly imperfect, but not sufficiently so to interfere with their wearing quality.

KLOS-FIT

Messaline Petticoats—Half Price

\$5.00 Values For—\$2.50.

Beautiful Petticoats and good Petticoats with wide pleated flounces in various styles. The famous KLOS-FIT that fits over the hips smoothly without wrinkles. In all the newest colorings to match the frock. Tomorrow and Saturday these famous \$5.00 Petticoats will be sold for—\$2.50.

Handkerchiefs—Half Price

50c Values For—25c.

One lot of white and colored embroidered linen Handkerchiefs. Odds and ends from regular stock. A great bargain.

BANDANAS—HALF PRICE

Mercerized Bandanas for fancy work and bathing caps. In attractive polka dot and perle effects. Regular 25c values for—12 1/2c.

Children's Hats—Half Price

Our entire stock of fancy silk, velvet and fur Hats in various pretty styles; also plain tailored plush, felt and cloth Hats that were \$1.50 to \$3.75.

SALE PRICES—75c to \$1.88.

Leather Bags—Half Price

Women's Novelty Leather Handbags in morocco grain. Nickel and gun metal trimmings. Three compartments.

Regular 50c Handbags—25c.

Seal grain and morocco Handbags in practical shapes for shopping. Gun metal and gilt frames. Regular \$1.50 values for—75c.

REMNANTS HALF PRICE

Short lengths and pieces that have been used in the windows of

Silks, Dress Goods, Wash Goods, Velvets, Satins, Corduroys, Wool Coatings, Wool Challis, White Goods, Gingham, Flannels in Waist and Dress Lengths. On tables on Main Floor—HALF PRICE

Drapery and Curtain Remnants—Half Price

These range in length from 1/4 to four yards and include Scrim, Voile, Cretonnes, Velours, Repps, Tapestries, etc. All on tables tomorrow on Main Floor.

Laces, Embroideries and Trimmings—Half Price

Many different widths and short lengths of Embroideries and Laces in all kinds of patterns in edges and bands; also chiffon braids, nets and other trimmings. On main floor table.

OAKLAND GROCER IN SAN FRANCISCO COURT

John Costa, a grocer of 735 Campbell street, charged with contributing to the delinquency of a minor and facing a possible white slave accusation, appeared in the San Francisco police court this morning and was instructed and arraigned. At the instance of Detective Edward Wiskotbill a continuance was had. The complainant against Costa is Mrs. Gladys Easterbrook, wife of a Southern Pacific employe, working in the West Oakland railroad shops. According to the police Costa ingratiated himself into the Easterbrook household and managed to lure his wife away. When Easterbrook learned of the alleged fact he declared that he would have Costa's life but was prevailed upon to forego violence. The man was instructed and arraigned. Mrs. Easterbrook, desiring to go to Reno obtained money for her passage from Costa. On reaching Reno she failed to find her husband and appealed to the police. She declares that Costa told her that if she could get money no other way, she could get it on the streets.

The Easterbrooks traded at Costa's store in Oakland and after they moved to San Francisco the grocer went over to collect a bill and later took Mrs. Easterbrook on several occasions to cafes while her husband was away at his work.

Through the officers of Detectives Wiskotbill of the San Francisco police department husband and wife have been reconciled.

Newspaper Not Public Utility.

Colorado's electorate declined at the recent election to put newspapers in the category of public utilities as suggested in an initiative amendment. The vote was overwhelmingly against the proposition, the affirmative vote being 35,752 and the negative 91,426.

In certain sections of the country there have been from time to time efforts of this sort, although this is the first time we recall anything of a definite character attempted. These efforts have been inspired, so it is related, by persons connected with traction companies, electric lighting and gas corporations, water concerns and the like, and have had for their object making the press amenable to regulation such as is many times imposed on their industries, the object being to force newspapers to be less diligent in promoting regulation of public utilities by the fear of being regulated themselves.

Newspapers are not public utilities in the sense that a water, gas or lighting concern is, although they are utilities of an important character. To curb their activities or to impose regulations such as might be imposed in times of stress would be fatal to their purpose and an obstruction to good government. Newspaper publicity is one of the greatest factors in securing honest administration of public affairs and to restrain them in any manner from making public those matters which should be made public would cripple efforts at advancement. A free press is the very corner stone of a free government. Muzzle it and freedom is forever gone. The people of Colorado did well in turning down this proposition.

With more than one thousand pages, the New York World's Almanac for 1915 has outgrown all former dimensions. It is a veritable encyclopedia of information and as a reference book is one of the most valuable. Not the least important feature of the new issue is its allusions to the war raging in Europe, its cause, men engaged and other data. The review of events in our own country is very complete and the mass of general information compiled something to be marveled at as well as appreciated.

Wheat Prices Still Soaring.

Wheat farmers ought to be happy and doubtless are happy over conditions. The price of this grain continues to soar and it looks as if the high water mark has not yet been reached. That growers are confident there will be a still further advance is manifest from a statement that there are 50,000,000 bushels in Kansas alone, the owners of which are holding on for still further advance in prices.

According to the head of the Southwestern Miller's League, the closing of the Dardanelles has locked up many millions of bushels of Russian wheat that otherwise would have been available for European use. Russian wheat is reported as being sold for forty to fifty cents a bushel because there is no way to export it. That this is true is evident from the fact that a few days ago the probabilities of success on the part of the allies against Turkey was sufficient to send the price down several points, but later reports changed the situation and once more the market responded to the efforts of the bullish interests.

Meanwhile the cost of wheat is becoming a serious problem in our own land. In many places bread has advanced in price, in others the size of the loaves has been decreased in order to keep within the limit of profit. Suggestions as to the best substitutes for wheat are being made on every hand, we have been advised to eat corn bread, "kartoffel" and other brands as they are doing in Germany in an endeavor to keep expenses at a minimum.

It really looks as if the allies will acquire a much larger amount of sympathy in the United States than would have otherwise been extended, because of the situation and that the ultimate consumer of our own land will devoutly wish that their efforts against the Turk will be successful and also immediate. Of course the wheat growers will be actuated by no such sentiments, but as there are more consumers than growers the preponderance of sympathy will be with those who are trying to open a route from the Black Sea to the Mediterranean.

"The Southern California Edition" of the Los Angeles Express is a very complete compendium of the progress of the southland and a valuable addition to the newspaper literature of that section of the Golden State. The review of the progress made by Los Angeles and vicinity is ably presented, the issue is handsomely illustrated, the matter well prepared, and the management of the journal is to be congratulated on the results achieved.

The Little Newsboys.

It is announced that a "league" of benevolent ladies asks legislation to prevent boys under 14 working, or engaging in any occupation on the streets.

The promoters of this proposition announce that it is intended to prevent boys under 14 selling papers as newsboys.

The proposition is neither wise nor benevolent. The little newsboy is usually the keeper of a widowed mother, and the support of younger members of the family. His work is done out of school hours, and his occupation is an actual and valuable business training which his school does not give. It is not a trying work, but gives the boy open air exercise and promotes his health.

A governor of Connecticut began life as an orphan newsboy when only four years of age. A governor of Minnesota began selling papers on the street at the age of seven, helping his mother, a widow.

We now recall no case in which the little newsboy has been injured morally or physically by his occupation.

The bill is not needed and its promoters are seeking to do injury instead of good to the little merchants it will put out of business.

In his farewell message, Governor Cole Bleas of South Carolina scolds the federal government for encroaching upon the powers of the States. But in the light of the actions of Bleas in emptying the prisons of his commonwealth of their convicts without discrimination or hearing and in mustering out the National Guard peremptorily, it looks as if the federal government could do a little more encroaching in South Carolina with good effect.

When Women Disagree.

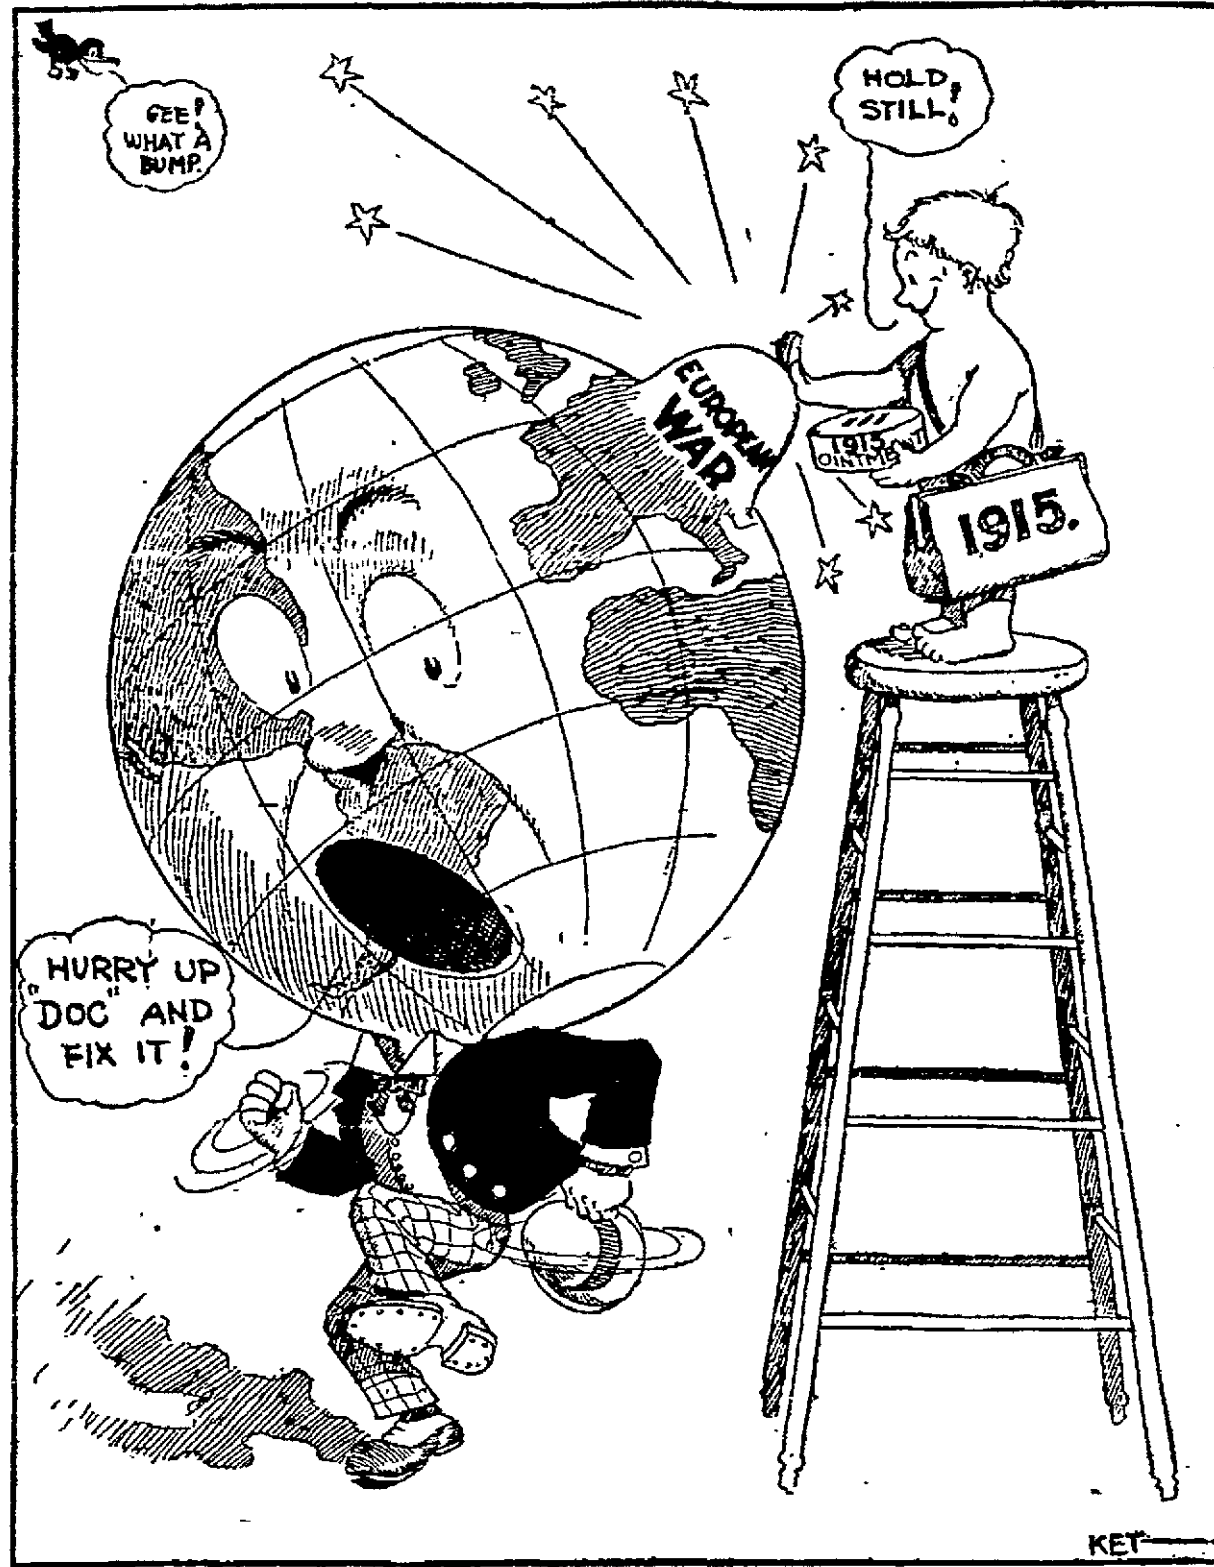

A strange condition of affairs, not devoid of its humorous features by any means, is reported from Arizona. Two women occupy seats in the legislature, one in the house, the other in the senate. The house member objects to the use of tobacco and secured the passage of a resolution forbidding smoking during sessions. The woman senator likes tobacco and insisted by motion which prevailed that senators may smoke while deliberating on new laws.

What will happen if the two bodies meet in joint session is debatable, but in the securing of legislation benefiting her particular district it is by no means difficult to determine which of the two ladies will have the most influence on the nicotine-loving membership, and it is safe to predict that the senator will have a decided advantage over her sister in the lower house.

Comes now a scientist with the declaration that butter can be made direct from grass without the intervention of cattle, separators or churns. If this assertion is correct and the process is any wise cheap there is trouble ahead for the butter trust.

Although defeated, it is noted that suffrage came nearer carrying in the lower House of Congress than prohibition, although Hobson favored both.

THE NEW CURE

—BY THE OAKLAND TRIBUNE CARTOONIST.

Optimistic and Otherwise

CALIFORNIA CAN FEED MILLIONS.
That California has the ability to feed millions in addition to her own population is manifest from the figures on the total fruit pack in cans for 1914. Five and one-half million cases of a market value of \$15,000,000 is a large quantity. The total canned vegetable pack was 3,000,000 cases, valued at \$6,000,000. In addition to these, approximately 12,000 carloads of vegetables were shipped out of the state during the year, potatoes, onions and celery leading.

OLD TREES STILL IN BEARING.
An apricot tree planted near Watsonville seventy-five years ago by Isaac Williams still averages a ton of fruit a year, according to a statement made by the former secretary of the Chamber of Commerce. Placer county has an apricot tree 40 years old, the sole survivor of an orchard that was washed out when gold was discovered on the ground. The claim yielded \$18,000 in six weeks, so it is small wonder the trees were displaced. This famous tree also yields apple each year.

RUBBER FROM WEEDS OF SEA.
Announcement is made that a splendid substitute for rubber can be made from seaweed, and that the product can be utilized for making tires for automobiles, boats and similar articles. This being true, the Pacific Coast, where seaweed is so abundant, ought to profit through the development of a new industry.

DISCONTINUES MORNING EDITION.
Bakersfield's Echo has discontinued its Monday morning edition as a matter of economy. Commenting on its action, The Echo says: "The return of prosperity, the development of Bakersfield and Kern county along the lines of colonization and the development particularly of the great farming area around Bakersfield will bring the seven-day back to our readers. For the present the paper has been dropped, and subscribers are requested to bear with their disappointment until such future time as will justify the resuming of a Monday paper on a paying basis."

USES ROOSEVELT EXPRESSION.
Richmond's Record-Herald opines with all the gravity which it is so justly celebrated that Austria occupies the unique position of being the only belligerent that has owned up to being licked to a "frazzle."

REFORM WAVE HITS VACAVILLE.
The town trustees of Vacaville have introduced a drastic ordinance against gambling. If it is passed it will apparently put a stop, not only to the playing for checks, or cigars, but will also prevent the various card clubs giving prizes to those making the highest score. A petition containing seventy-eight names, asking stringent measures be taken to put a stop to gambling, was presented to the trustees.

WILSON TO POSE WITH "BOSSY."
Woodland is rejoicing because information has been received to the effect that during his visit to the Panama-Pacific Exposition President Wilson will consent to pose for a photograph alongside "Tilly Alcatraz," the prize milk cow owned by a firm in that city. The Mutual and Pathe films will take the pictures, which will be of the moving variety. As a result we expect that the executive will demonstrate whether he knows how to sit down on the right side or otherwise.

JOYFUL NEWS KILLED HIM.
William Rist of Fort Collins, Colo., had 6000 bushels of wheat which he held for a rise in price. When it came the joyful tidings so affected him that he died of heart failure. All of which teaches that success sometimes ends in failure.

THIS FROM INTERNATIONAL AUTHORITY.
From the Martinez Standard the following bit of wisdom is culled and reproduced without comment:
A Pan-American protectorate over Mexico has been suggested. Should the United States be forced, by circumstances, to intervene forcibly in Mexico, it should have the moral support of all the rest of Latin America in what it may do.

TWENTY YEARS AGO TODAY.

Principal McChesney of the High school has about completed his tabulation of the enrollment of pupils this term and finds a large increase over that of last year. Up to date there are 750 scholars registered and this figure will be raised to 750 before the month is concluded. The calculation of new classes is on the basis of 40 pupils to a class.

A. H. Breed, Edward P. Flint, F. F. Baker, A. J. Frank and Charles Robert of Oakland have associated themselves together for the purpose of developing the Turner mine of Angels Camp, Calaveras county.

Farewell to the Piedmont grounds. They are of the sad yet joyous past. Let us weep over the vanished greatness of the temple, sacred to the god who presides over the destinies of our national game. Come, Hirschberg, come, Ewing, Mowen, Kirkland, Poor and Whitney, and sing the misereere, for the grounds have been demolished and will not be used any more for baseball.

Members of the Fire Department are talking of a relief fund for the benefit of disabled and sick firemen. At present

LINCOLN UNDER STRESS

A little after midnight the president came into the office laughing, with a volume of Hood's works in his hand, to show Nicolay and me the little caricature, "An Unfortunate Being," seemingly utterly unconscious that he, with his short shirt hanging about his long legs, and setting out behind like the tail feathers of an enormous ostrich, was infinitely funnier than anything in the book he was laughing at.

What a man it is! Occupied all day with matters of vast moment, deeply anxious about the fate of the greatest army in the world, with his own plans and future hanging on the events of the passing hour, he yet has such a wealth of simple bonhomie and good fellowship that he gets out of bed and perambulates the house in his shirt to find us, that we may share with him the fun of poor Hood's queer little conceits.—From the War Time Diary of John Hay in Harper's Magazine.

LAWYERS ON FARMING

A commission of lawyers to induce more and better farming is a question of only a few months. In a recent address, a lawyer-politician said: "The American farmer is a failure compared to the European, and at the present rate the people of the United States will be starving to death in the next century. American farmers require five times the ground that their brothers across the sea do, and whereas two-thirds of the people were engaged in farm work twenty years ago, only one-third are now cultivating the soil."

A count made in the library of congress shows that the national and state legislatures passed in the five years, 1899-1913, some 62,014 laws, and that in the same period there were 55,379 decisions by state and national courts of last resort reported in 630 volumes.

And a large number of these new laws created commissions, the members to be appointed from among idle politicians, and paid by the people who work.

TALK OF HARD TIMES!

A man went into a hardware store, and he was awfully thin;
He asked the price of a noonday meal—but the merchant had no tin!

He ventured into a bakery; his steps were long and slow;
In a trembling voice he made a touch—but the baker had no dough!

Sadly he entered a grocery store, this man so weak and frail;
He begged for only a cent or two—but the grocer had no kale!

Then, when a rich man said him nay, he wailed out him good and proper;
And as he fell, the man was glad he couldn't find a copper!

—Jenna Carr in the Cleveland Plain Dealer.

LOST HIS RATTLESNAKE

My Tennessee diamond-backed rattler, Bob, has left his usual lair in my feed barn, Fourth and Fisking, and, being worth more than a half-dozen cats in a feed barn, I will cheerfully pay a reward for his capture. Bob is perfectly harmless. One fang is extracted, the other broken off within half an inch of jawbone. He is 3 feet 7 1/2 inches long; five rattles, no button. Should you find Bob, do your best to get him in a box of some kind, then call 40 or 150, either one will get me, and I will come at once.

Advertisement in News (Ark.) Star.

SNAP SHOTS

Furthermore, after you have found the seat of the trouble it is up to you to sit down on it.
If there is going to be eating or drinking at a certain hour, most of the guests get disturbed and sick firemen. At present

GERMANY'S GREAT MORTARS

Something of that terrible new engine of war, the great 11-inch field mortar with which Germany is battering the magnificent old cities of France and Belgium into heaps of useless rubbish, and how it is transported, is told by a gunnery expert in the special war issue of the Scientific American, as follows:

The German 11-inch mortar marks a great stride in power and weight, and particularly in mobility, over any other mobile artillery as yet constructed. The outstanding feature of this great mortar is that it is so mounted that the gun and its carriage can be hauled either by motor or by horse-power at a speed approximating that of the lighter siege artillery, and that when it has reached the designated position, it takes but a short time to have the gun in battery, ready for the attack.

The barrel of the gun is made of steel, and it consists of the inner tube and an outer jacket, the total length of the gun being 11 feet. The breech is opened and closed by turning a handle through a horizontal axis for about 125 degrees; and a safety device operated by hand is provided which prevents premature firing or accidental opening of the breech. In spite of the fact that the breech mechanism weighs over 1700 pounds, the construction is such that the opening and closing of it can be effected easily with one hand and in a few seconds time.

The gun is transported on two separate vehicles, each of which can be loaded by a single motor truck. During transportation one unit consists of the gun carriage, slide, recoil cylinders, trail, and permanent axle and wheels, the last named being fitted with broad flat feet after the manner of the Diplock pedal. The other end of the trail during transportation is mounted upon a pair of wheels. The gun itself is transported upon a carriage upon which it is placed in such a position that the majority of the weight will come upon a pair of pedestal wheels.

To mount the gun when it has reached its assigned place, all that is necessary is to back up the section carrying the gun against the section constituting the mount, and then, by means of wire cables, draw the gun forward into the sleeve and hold the lug to the piston rod of the recoil cylinder. The gun transportation section is then drawn away, the trail is lowered to the ground, and the gun is ready for firing.

MAY RECOVER LOST TREASURE

In the American Magazine appears an account of a new invention by which moving pictures are now taken under the sea. A new world is thus opened to oceanographers and treasure seekers by this invention which is in actual use.

The device for going down into the sea was made by Charles Williamson, a sea captain of Norfolk, Virginia, and his two sons conceived the idea of using the device as a means of taking moving pictures. The article describes just how moving pictures have been taken of sharks and other sea life. The Williamson sons claim that with their invention it will be possible to recover lost treasures from the bottom of the sea. An account of these treasures of the sea is partially indicated by the following extract from the article:

In addition to its scientific and photographic value the Williamson deep sea tube has many other practical applications. One has only to read the list of treasure ships foundered in fairly shallow waters to realize what a fascinating field of profit is here. On the African coast alone, according to one authority, there is an imposing list of treasure wrecks, including the "Wilhelm de Zweiter" which went down with three thousand and seven hundred bars of silver; the "Honncoy" with two hundred tons of copper, the "Wilhelmina" with thirty boxes of gold and silver; the "Harlem" with a cargo of silver bars, and the "Scholtenroodras" with a large cargo of ivory.

"Captain Williamson himself has compiled a long list of treasure wrecks in other parts of the world, the most important being the following: The "General Grant," foundered on Auckland Island in only fourteen fathoms, with a cargo of gold valued at \$1,350,000; the "Florentian," wrecked in the bay of Tobermory with a cargo of gold and silver coins worth \$15,000,000; the "Malabar," foundered near Shanghai, cargo of gold, \$1,500,000; the "Husar," off Atlantic coast near New York, cargo of gold, \$5,000,000; the "Lizard," near Cornwall, cargo of gold, \$70,000,000; the "San Pedro," in Margatite channel off Central American coast, cargo of golden images and precious stones, \$5,000,000; the "Thunderbolt," off Trinidad coast, \$3,250,000; and finally the famous fleet of galleons sunk in Vigo harbor, cargo of gold and silver, \$100,000,000."

TAMPERING WITH JURY SYSTEM

Are we outgrowing the jury system? This question suggests itself by the announcement that Assemblyman Hawson of Fresno county has an amendment to the constitution which, if adopted, will limit the application of the system in the courts. Hawson's idea is explained by himself as follows:

"In criminal cases in the justice courts of the state those charged with even petty misdemeanors may insist upon a jury trial," said Hawson. "I propose to amend the provisions of the penal code relating to trials for offenses below the grade of felony so that in prosecutions for vagrancy, disturbing the peace, and all minor offenses, the court may deny the right of the trial jury. The amendment will also specify that if the court convicts, the penalty shall not be more than \$50 fine or thirty days' imprisonment or both."

It is believed that by courts in such cases will make it easier to reach the delinquent men and women, the gambler, drug fiends and that class of unfortunate who are only to be cleared by juries. Legislators agree the police of practically every county in the state have been discouraged because of the reckless manner in which juries passed upon the minor cases that were presented to them. It has been impossible in almost every instance to convict a woman charged with vagrancy, with the result that the police were invariably censured for permitting those of loose morals to continue in their life of profligacy.

Assemblyman Hawson declares restricting the right of trial by jury in minor cases will obviate such conditions and materially increase the power of the police.

"That is all right, but the United States is still a republic and it is probable that there are enough justifying citizens in California to insist that the right of the individual is paramount to the power of the police. In that even the Hawson proposal, even if it passes through the legislature, will be rejected at the polls," Salinas Index.

TWO MILLION AUTOMOBILES

There were registered in the several states last year 1,593,441 automobiles, against 1,127,940 in 1913. At this extraordinary rate of increase of nearly 55,000 a month the country will have 2,000,000 automobiles in use by early spring.

Two million automobiles represent an investment for the buyers of at least \$1,500,000,000. Placed and used, they would form a double line stretching clear across the continent. Their upkeep and operation must cost per year nearly as much as the original cost of the machine. But they evidently pay, and more and more in a commercial sense, or they would not go on increasing so greatly, regardless of industrial depression and war disturbances. And in the great stimulus they have given to good-roads construction they have had profound effect.

In improving the economy of the country. The great war, indeed, has been demonstrating the peace value of the automobile in proving its military importance. It has been of vast and indispensable use in all the armies for the transport of supplies and the mobilizing and shifting of troops on the scale and with the rapidity which distinguishes this war from all others. But for Paris' great supply of that city could never have been maintained as it was at the critical moment to strike von Kluck on the flank and turn his swift advance eastward and backward.

The day of the automobile is evidently only at its beginning, and America is to lead the world in making it an instrument of economic value.—New York World.

DO PLANTS HAVE FEELINGS?

Dr. Dadasis Chandra Bose, a noted scientist of India, says they have, and that he has succeeded by certain electrical processes in making some of them tell both their experiences and their feelings. There are a number of plants and flowers which seem to resent the touch of a human hand, and to shrink away from it as if it were an enemy to their life and growth. Most of them, however, come back to their normal state within a few hours after being touched, although there are some orchids so delicate that they seem unable to recover from the effect of the slightest human contact.

Professor Bose claims to have discovered that certain plants under the influence of injected drugs will sometimes throw almost like the beating of the animal heart. He also claims that the responses to electric stimulus are practically identical in the plant and in the animal, and that the plant may show every sign of conscious feeling that is shown by the animal.

Professor Bose claimed to have discovered that nervous impulse in plants travels very fast, but it is only lately that his conclusions have been accepted by the Royal Society.

A writer in the London Nation tells of an unfortunate carrot strapped to the table in the professor's studio something after the manner of the working of the vivisectionists, that is made to write its own story of pleasure or pain. When it is pinched with a pair of forceps it winces, and its "sweater of pain" is communicated to a tiny mirror, exaggerates the tremors of the plant and thus shows its feelings to the vivisector.

Professor Bose is now in the United States on a visit and he has aroused a great deal of interest over here in his experiments, showing from his viewpoint that the life of the vegetable is the life of the animal in almost all its incidents, only in less degree. Of course all these plant movements under the influence of drugs or electricity do not necessarily prove that the plant has conscious feeling, any more than chemical combinations prove feeling in inorganic matter, but the subject is certainly one of great interest, and we are likely to hear much more of it in future experiments.—St. Joseph News Press.

WHAT MOVIES HAVE DONE.

Five years of the drama in films has given a most impressive example of the valuable support the development of the "movies" has given to real estate, says the New York Post. Every afternoon and evening approximately 100,000,000 feet of moving-picture films are unloaded for the entertainment of many millions of people who fill seats in more than 25,000 theaters in the United States alone. In all probabilities, the capital invested in such enterprises would aggregate close to \$500,000,000.

For New York city, where the moving-picture industry is deeply rooted, these enterprises have done the service of converting many vacant lots, former dumping-grounds, into income payers, and in a few instances helped to restore the life of many moribund theaters, now converted vaudeville and picture playhouses, that make easy for their owners the payment of taxes and interest on the realty they occupy.

One of the features of the moving-picture theater, owing to their inexpensive admissions, is that they will thrive in districts which could not support a legitimate theater. Therefore, because of this, many properties in the suburbs and in the outskirts of cities have been utilized, which, but for the picture theaters would doubtless be unoccupied.

SOCIAL and PERSONAL HAPPENINGS of DAY in the ISLAND CITY

NAME NEW MEN IN AGRICULTURE

Important Division of Forestry Is to Be Headed by Expert.

BERKLEY, Jan. 14.—Three additional appointments of importance to the faculty of the department of agriculture of the University of California have been announced by the Regents of the University. David Townsend Mason is to be professor of forestry at a salary of \$5,500 per year. Dr. Leonard Heller is appointed associate professor of plant breeding in the citrus experiment station at a salary of \$2,750; and J. J. Zinn is made assistant in soil technology. Zinn formerly held the same position but assigned to complete his residence for his degree.

Mr. Forestry in 1937. Since graduation he has been constantly in the U. S. Forest Service. He has been foreman of the Spruce Knob Ranger Station in Montana and Idaho, and has been promoted to the position of assistant district forester of District 1, a position which he still holds. He has also been in charge of the timberlands of the State of Montana, and has taught in the Yellowstone forest school.

Mr. Forestry has published valuable material on plant breeding and nomenclature, and is particularly active in horticulture as well. He was formerly horticulturist in the Cornucopia Horticultural Experiment Station in Montana, and is now professor of horticulture in the Utah State College. His primary duties in the University will be to conduct investigations on the various phases of horticulture, and to teach in the department of agriculture. Mr. Forestry is a member of the American Horticultural Society, the American Forestry Society, and the American Society of Horticulturists.

**OAK GROVE LODGE HOLDS
ELABORATE INSTALLATION**

ALAMEDA, Jan. 14. — A banquet and music given by an orchestra and the Temple quartet will mark the ceremony of the installation of officers elected for the year 1915 by the Oak Grove Lodge No. 215, F. & A. M., to be held at the

The newly elected officers to be installed are:

Henry Ferguson Strachan, worshipmaster; Henry Christian Lassen, senior warden; Otto Henry Fischer, junior warden.

men: Henry Miller Hammond, P. M. treasurer; Oswald Labock, secretary; James A. Collins, P. M., chaplain; Henry George Merton, senior deacon; Frank Billington, junior deacon; Walter Redwick Hughes, marshal; William H. Warden, steward; George Arthur, organist.

steward: George Sturtevant, tiler: William Parker Fillmer, installing officer: Phillip Shepherd Teller, master of ceremonies.

BERKELEY, Jan. 14.—After all the little humor among the students of the University of California, and the editor of the Occident, the college monthly, was blamed for not finding it. Recently the Occident refused to award its prize for humor declaring no humor had appeared to earn it. Now come the judges in the S. C. Irving essay prize for humor and in the Occident itself, fined an article by Roger F. Goss of the junior class de-

Goss contributed the article, "The Life of a Frosh," to the October number. It told, in Biblical language, of a freshman's visit to the president's reception. Professors Edmund O'Neill and C. V. Wells and F. S. Faust and S. C. Howland made the award, which is of \$50. S. Irving, who donates the prize, was grateful.

**SORORITY WOMEN GIVE
THEIR TIME TO CHARIT**

ALAMEDA, Jan. 14. — Mr. and Mrs. Freeman Cullom (Ethel Porter), who are living in Redding, came to the bay city for the holidays and were guests of Alameda friends.

Mrs. Cullom was a student at the University of California and

the Alpha Omicron Pi sorority during her college days. She was given a welcome by her sorority sisters who live in the bay cities. The sorority, which has an alumnae meeting at the home of Miss Emma Black in San Francisco last Saturday.

Some of those who attended the meeting from this side of the bay were Mr. George L. Bell (Rose von Schmidt), Mr. George G. Harlowe and Miss George Meredith. Others from the

Be sure you get Dr. James' Headache Powders—then there will be no disappointment.—Advt.

LESS CENSORSHIP IS DEMANDED IN FRANCE

PARIS, Jan. 14.—A less rigid censorship on news is demanded in resolutions adopted by the Socialist groups in Parliament. The resolutions call upon the government to furnish news as fully as possible. The only limitations that should be imposed, it is said, are those concerning information which might work to the detriment of military operations and diplomatic negotiations. The resolutions state that the duty of the press in this connection is well understood. They call upon the government to respect public opinion and preserve the principle of the liberty of the press.

OFFICERS ARRANGED.

BRIDGEBURG, Ont., Jan. 14.—Provincial Constable Thomas W. Deane, Corporal Archie Kaye and Privates Kinsman and Macintosh of the Forty-fourth Canadian Infantry, facing charges of manslaughter growing out of the killing of Walter Smith at Fort Erie, December 28, were arraigned before a magistrate today. They entered pleas of not guilty and asked to be admitted to bail, which was denied. The men were committed to jail and trial was set for March 2.

DIES OF HEART DISEASE.

WASHINGTON, Jan. 14.—James McDonald, a former director of the Standard Oil Company and organizer and manager of the European branch of that organization, died here last night of heart disease. He was born in Scotland in 1846.

Practical Prescription Against Stomach Acidity

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased but it is out of order. It is allowed to continue, the acid is very likely to eat into the stomach walls and produce stomach ulcers which may render a radical surgical operation necessary even to prolong life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. It is utterly useless to take peppin and ordinary stomach tablets. The excess acid or stomach hyperacidity must be neutralized by the administration of an efficient antacid. For this purpose the best remedy is bicarbonate of soda taken in teaspoonful doses in a fourth of a glass of water after each meal. Large quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the bicarbonate of soda in either form of granules or tablets. Use mouth washes but they have not the same action on the stomach as the bicarbonate.—Advt.

MEET AT TABLE, WED FOR DESSERT

Wealthy Widow and Mine Owner Court in Rapid Transit Fashion.

SAN FRANCISCO, Jan. 14.—While her sister, Mrs. William A. Ronald, a wealthy widow, was making efforts over the telephone to stop the issuance of a marriage license, Mrs. Kathryn F. Such was quietly being married to the man of her choice, John Karl Sibby, yesterday afternoon at the City Hall.

Mrs. Ronald was telephoning to the County Clerk's office from her home, 133 Fifteenth avenue, from where her sister had slipped away an hour before to keep her word with Sibby, whom she had never seen until last Monday at a luncheon party given by friends at the Sutter Hotel. "It was simply a case of love at first sight on Mr. Sibby's part," smiled the bride as she awaited his arrival at Mrs. Ronald's home following the ceremony. "And as for me, well, I liked his looks and when he proposed over the black coffee I accepted."

ALASKA MINE OWNER.

Sibby is a mine owner, with interests at San Diego, Alaska, and looks to be about 60, though he told the marriage license clerk he is but 50 years. He comes of an Italian family of rank. Mrs. Sibby is 31 and dazzling. She was formerly on the English stage, is an accomplished linguist, speaking French and Italian fluently, and is a globe-trotter. She is the widow of the late Herbert John Such, a retired English capitalist of Shanghai, China, and a member of an English family.

"I just couldn't bear to think of my sister marrying a man she knows so little of," said Mrs. Ronald. "That is why I did my best to prevent it. It was horrid of her. We were just two happy widows when she must needs bring a man into the house."

"You're jealous," broke in Mrs. Sibby. "That's all."

"I'm nothing of the kind," replied the sister.

Then Sibby, with a large bouquet for his bride, arrived and the sisters stopped talking. For all of his years Sibby says he feels "just as young as my wife."

INSURANCE COMMISSIONER.

SALEM, Ore., Jan. 14.—Governor Withycombe today announced the appointment of H. Wells, Portland, as state insurance commissioner, to take the place at present held by J. W. Ferguson. Wells will probably take charge of the office the latter part of this month. The position carries a salary of \$3500 a year, with an additional \$500 for supervising the state auditing department. Wells is a Republican and Mr. Ferguson a Democrat.

FIRING DANGEROUS, TESTIMONY AT HEARING

CHICAGO, Jan. 14.—The arduous and dangerous nature of the work of the railway firemen was dwelt upon yesterday by A. W. Hawley of the insurance department of the Brotherhood of Locomotive Firemen and Enginemen, testifying before the western railway wage arbitration hearing. The testimony resulted in a spirited contest between W. S. Carter, representing the firemen, and James M. Sheehan, attorney for the railroads. Carter, interrogating Hawley, brought out that the average railroad service of men to whom death claims are paid is seven years. Hawley admitted that his tables showed the proportion of death dues and disability benefits paid to ex-enginemen was greater than that paid to men remaining in the service.

SOCIETY BELLE ELOPES AND OUTWITS MOTHER

DENVER, Jan. 14.—Mrs. Bessie Myers Robinson, grand niece of the late Jay Gould, and a prominent figure in Denver society, is speeding with Bert Beard of this city to Dallas, where they expected to be married today.

News of the elopement came to Denver in a telegram from the Pullman conductor of the train on which they left Denver, and which is due in Dallas this morning.

BIBLE STUDY COURSE IN LIEU OF PRISON

LOS ANGELES, Jan. 14.—Harold Lane, facing a suspended ten-year prison term for a burglary committed three years ago, was offered today his choice between a thirty-day Bible study course or service of his sentence. He is, therefore, now a student in the county jail preparing for an examination on everything from Genesis to Revelations, to be given him by Judge Whitbur of the Superior Court in thirty days.

This poetic justice followed Lane's arrest for violation of his probation recently when he took from the Emmanuel Presbyterian Church five bibles.

No More Piles

Simple Home Remedy Easily Applied Gives Quick Relief—and Costs Nothing to Try.

The Pyramid Remedy from a Single Trick. Pyramid Pile Remedy gives quick relief, stops itching, bleeding or protruding piles, hemorrhoids and all rectal troubles, in the privacy of your own home. Pyramid Pile Remedy is for sale at all druggists for a small box often copies. A trial treatment will be mailed free for the asking. Pyramid Drug Co., 617 Pyramid Bldg., Marshall, Mich.—Advt.

'BILLIE' DE BOLT SEEKING DIVORCE

Famous Officer's Daughter Alleges Husband Has Failed to Provide.

SAN FRANCISCO, Jan. 14.—Mrs. Elizabeth B. (Billie) de Bolt, widely known in society circles of San Francisco and Los Angeles as the daughter of Major Andrew S. Rowan, U. S. A., "the man who carried the message to Garcia," began suit in the superior court here yesterday to obtain a divorce from Thurman Alder de Bolt. She charges failure to provide.

WAS WITNESS RECENTLY.

The divorce case was a surprise even to the stepmother of Mrs. de Bolt, Mrs. Rowan, who resides in Mill Valley, said last night that she knew nothing of the divorce action. Mrs. de Bolt, it is said, was in Paris when the European war broke out and returned to this country only a short time ago.

MARCH NOT APPROVED.

Before her marriage Mrs. de Bolt was known to her intimate girl friends as "Billie" Rowan. At the time of the divorce it was said that Major Rowan and Mrs. Rowan did not approve the match. The wedding occurred August 24, 1910, and was performed by Rev. S. J. Lee of St. James' Episcopal church. De Bolt had been graduated from Stanford the year before and at that time was studying to be admitted to the bar. His home was in Los Angeles.

ROCKEFELLER'S CHURCH TERMINATES MERGER

NEW YORK, Jan. 14.—The congregation of the Fifth-avenue Baptist Church, of which John D. Rockefeller and his son, John D. Rockefeller Jr., are prominent members, decided at a meeting last night to terminate the merger with the alvany Baptist church, which had been maintained tentatively for almost a year.

CHANGE IN TIME Shasta Limited

Commencing January 14th, Shasta Limited, which formerly left Oakland 16th St. at 11:55 a. m., will leave at 11:31 a. m., and will arrive Portland 1:50 p. m. the following day, making an earlier departure from that point to Seattle.

KEEPING IN GOOD CONDITION

Many people suffer from indigestion and constipation and do not know it. A feeling of dullness and languidness, bitter taste in the mouth, headache, biliousness—most of these conditions when you are not sick, but don't feel right—can be traced to sluggish bowels and torpid liver. Foley's Cathartic Tablets cleanse the system, arouse the liver, enrich the blood and make you "feel good all over"—light, energetic and ambitious. Sold everywhere.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" is the Only Rear Stomach Regulator Known.

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch, gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.—Advt.

TAFT'S FORMER VALET DENIED CITIZENSHIP

ST. LOUIS, Jan. 14.—Pedro Dolina Mora, a Filipino who says he was a valet to former President Taft when the latter was governor of the Philippines, has been denied American citizenship it was learned here today. Mora took out his first naturalization papers November 11, 1912. He has been informed, however, that M. R. Bevinckton, chief naturalization officer in St. Louis, regards him as a Malay, and therefore, ineligible to citizenship. When Mora presented himself for naturalization he had letters from Taft and from Archbishop Hart of Manila, certifying to his good character. He came to St. Louis last year and is now working as an elevator operator.

MISS DOLLY HAYNES, ONE OF THE BELES OF THE OAKLAND ASSEMBLY DANCES.—Scharz photo.

Captain and Mrs. John Roberts have sent out invitations for the wedding of their niece, Miss Alice Summerhayes to Mr. Robert John Roberts, at St. John's Church in Berkeley. Several hundred guests will be present at the ceremony, and a small reception will follow at the Roberts home in Piedmont.

Miss Summerhayes will be bridesmaid at the wedding of her sister, Miss Helen Summerhayes, to Dr. Robert John Roberts, at the home of Mrs. Aurelius Buckingham, in San Francisco on January 17.

The bride-elect will return from her honeymoon to be present at the Summerhayes-Cornwall wedding at which the bride will be maid of honor. Miss Alice Summerhayes will also be attended by Mrs. J. W. Gross of Oakland who will be the second maid of honor, and Miss Georgina Fitzgerald as maid of honor. The bridesmaids will be Miss Katherine Boufford, Miss Hally Mallett, Miss Edna Westphal, and Miss Margery Cornwall. Bessie Sinclair will be best man.

The bride-elect is a graduate of Miss Hamilton's school and is popular in the younger set on both sides of the bay. They are nieces of Mrs. E. J. Edwards of Berkeley.

IN ENGLAND.

Miss Hattie Porter who went abroad early in the summer, is still in England, where she is now her friends the Benjamins, Laddings and Dr. and Mrs. Samuel Hardy with whom she spends much time. They have attractive country homes not far from London and have no plans to return to America. Miss Porter who is a sister of Mrs. Fred Searby of Berkeley was contemplating a trip to Italy at last accounts and will remain in Europe until next summer.

MISS GARVEY'S WEDDING.

The wedding of Miss Bernice Garvey to Lord Curzon of Kedleston has been set for February 1. It will be an extraordinary wedding at the Garvey home in Berkeley and about sixty guests will be present. Miss Bernice Garvey is the daughter of Mr. and Mrs. John Garvey, a niece of the bride, will be flower girl. Ray Flannery of Marysville will be best man. The engagement was announced early in the winter, and Miss Garvey has been entertained at many informal affairs given by her friends.

MISS MOORE TO ENTERTAIN.

Miss Margaret Moore will entertain guests at dinner preceding the San Sopa dance at the Oakland tomorrow evening.

FOR MRS. HENSHAW.

Mrs. Fritz Henshaw of Honolulu who is visiting at the G. T. Henshaw home in East Oakland is being entertained at many informal affairs. Miss Ellen of San Francisco will be a hostess in her home on Tuesday afternoon, January 19, when she will give an informal tea at her home in Taylor street.

LUNCHEON AT FAIRMONT.

Mrs. Gordon Blanding gave a luncheon at the Fairmont yesterday in honor of Mrs. James L. Whitney (Elizabeth Goodrich), who with Dr. Whitney recently returned from abroad. The other guests included Mrs. Chauncey Goodrich, Mrs. Lillian Whitney, Mrs. E. J. Goodrich of El Cerrito, Mrs. Fred Sharon, Mrs. George Harry Mendell, Mrs. Eric Brownell, and Miss Lena Blanding.

DANCE THIS EVENING.

The Thursday Night Club will give its fourth dance of the season this evening at the Twentieth Century Club where a number of the younger married set of Oakland and Berkeley will be gathered. Among the members are Mr. and Mrs. William H. Hart, Mr. and Mrs. Roy Hand, Dr. and Mrs. J. F. McElath, Mr. and Mrs. Jack Scherer, Mr. and Mrs. James J. Anderson, Jr., Mr. and Mrs. Harold Watkins and others.

OAKLAND ASSEMBLY.

Several informal dinners are being planned to precede the next dance of the Oakland Assembly on Saturday evening, January 23. The dances are given at the Elbell Hall, and the patronesses include: Mrs. W. E. Waddell, Mrs. W. A. Sherman, Mrs. Fred A. Campbell, Mrs. H. N. Gard, Mrs. M. L. Hadley, Mrs. C. H. Edmunds, Mrs. E. L. Sargent, and Mrs. Daniel H. Knox.

RECEIVE CONGRATULATIONS.

Mr. and Mrs. Lawrence Bunting are receiving congratulations on the birth of a son several days ago. Mrs. Bunting was Miss Genevieve Garvey of Berkeley before her marriage last year, and is a sister of Miss Bernice Garvey who will be one of the brides of next month. Mr. and Mrs. Bunting make their home in Centerville.

MRS. SIMSON A HOSTESS.

Mrs. Andrew Simpson was hostess to members of the Wheelock Club this afternoon at her home in Vernon street. The members are a number of prominent society matrons who have met for several years for afternoon of bridge followed by tea. Mrs. William Creed is president of the club this season.

AT PACIFIC GROVE.

Mrs. W. M. Mayrhofer of Berkeley is spending a fortnight at Pacific Grove where she is a guest at the hotel and being entertained by friends in the seaside town.

Among other editors at Pacific Grove are Mrs. Lillian who is the guest of Mr. and Mrs. M. B. Thrifts at the hotel, and S. D. Fine of Berkeley.

IN SAN MATEO.

Miss Genevieve Berlin is dividing her time between the H. E. Berlin home and the homes of her grandfather, W. F. Thier in San Francisco, and her mother, Mrs. Lillian Berlin in San Mateo. Miss Berlin is in San Mateo where Miss Marie Louise Black is her guest for several days.

DINNER AT MOFFITT HOME.

Mr. and Mrs. James K. Moffitt gave a dinner at their home in Piedmont a few evenings ago, entertaining Mr. and Mrs. William H. Hart, Mr. and Mrs. Mark Requa, Mr. and Mrs. Wallace Alexander, Mr. and Mrs. Harry East Miller and Mr. and Mrs. H. S. Black.

OAKLAND DINNER DANCE.

Albert S. Weaver will be among the dinner hosts at the Oakland dinner dance, later attending the weekly dance with his guests. Mrs. Lloyd Rawlings and Miss Jane Rawlings will also have guests at the evening.

MISS EWING A HOSTESS.

Miss Lella Ewing will be hostess next Tuesday afternoon at an informal bridge party, entertaining a score of guests at the Ewing home in Vernon Heights.

GIVES LUNCHEON.

Miss Edith Woodward was hostess at a luncheon yesterday at her home in Fruit-

Motor Tour Ends in Hike

Honeymooners Tramp to Del Monte Over Hills

SOCIETY is discussing the honeymoon of the Alfred Swinerton, a most unusual wedding trip, though it didn't begin as a hike, but ended that way when the honeymooners left their touring car and tramped over mountain trails to Del Monte.

They were married in San Francisco last week. Mrs. Swinerton was Jane Hotelling and is as great a favorite in Oakland society as she is across the bay. Much of her hiking has been across the Claremont links, where she has made records at golf.

One of the wedding gifts was a touring car, and it was to be christened as the car should be christened, the car should be christened as far as Gilroy, and there the honeymooners deserted it.

Gilroy is this side of the San Juan grade, that, as motorists know, is and at present slippery with the winter rains. In Gilroy the Swinertons reconnoitered and consulted local authorities. It was the consensus of opinion that the car should not attempt the San Juan grade in the rain, and a honeymoon in Gilroy faced the bride and groom. Not nearly so romantic as one at Del Monte.

The shortest cut from Gilroy was over mountain trails, and the honeymooners took it. That night they reached the hotel, happy and exhilarated with the tramp through dripping forest, and the abandoned automobile returned to San Francisco with a chauffeur.

WELFARE UNION HOME OPENED IN OAKLAND

The Welfare Union, an organization designed along co-operative lines to aid girls in various cities, has opened a branch home for girls at 233 Filbert street. The need of this home was felt in view of the opening of the Exposition when it is expected, a large number of girls will be stranded in San Francisco.

The officers and directors of the Welfare Union will act in the administration of the new home until a meeting of the union can be called and regular directors and officers elected.

The Welfare Union announces that active steps will be taken to prevent danger to girls in San Francisco during the Exposition and a patrol and stations will be placed to see to the welfare of the needy girls.

The public, interested in the work of the organization, is invited to attend the next regular meeting of the union, at the home, 233 Filbert street at 2:30 p. m., January 15. Ways and means of furnishing the home just opened will be discussed.

ILLINOIS SOCIETY TO GIVE SATURDAY DANCE

The first of a series of weekly social dances under the auspices of the Illinois Society of California, recently organized, will be given in the ballroom of the Argonaut hotel in San Francisco, on Saturday evening, January 16. An invitation is extended to all former residents of the State of Illinois, now resident in California, and their friends, to attend the affair. The program to include a number of old-time steps. These Saturday dances are intended to lead up to a grand Lincoln ball to be given on Lincoln's birthday by the San Francisco Division of the Illinois Society of California. Anyone who has ever lived in Illinois is eligible to become a member.

IMMIGRATION ROOM TO HOUSE HOMELESS

By Associated Press.

NEW YORK, Jan. 14.—One of the unused detention rooms on Ellis Island is to be thrown open tonight to 250 of the city's homeless men if they care to avail themselves of the offer of the United States immigration bureau of a night's lodging. Breakfast tomorrow morning will be provided for through private contributions. Permission to make use of vacant detention rooms at Ellis Island was obtained from the Secretary of the Department of Labor by Frederick C. Howe, commissioner of immigration. The diminished volume of immigration because of the war makes the detention room available.

If the experimental federal charity project succeeds, the use of dormitories on Ellis Island, which stood, may continue indefinitely, and even be extended in its scope.

PUBLIC HEALTH SERVICE EXPLODES FALLACIES

By Associated Press.

SACRAMENTO, Jan. 14.—Trying to cheat the doctor and the undertaker by wearing "winter flannels" is a hygienic fallacy, according to the United States Public Health Service in a bulletin sent this week to the State Board of Health.

Those who wear the same weight of underclothing that in the year round allow the skin to attain its normal functions unhampered, says the report.

The insulating feather bed which swallows its victims in an amoeboid grasp and gets in its lethal work is characterized as the "lethargy of the year." The housekeeper who doubles the windows and piles on fuel in winter until the thermometer registers 80 degrees indoors comes in for a few unkind cuts in the hands of the health service.

BEAR EATS TRIPLETS.

SAN FRANCISCO, Jan. 14.—The big bear at Golden Gate Park, which became the proud mother of triplets last Sunday, yesterday became a triple murderer and cannibal. Now there are no cubs in the big cage.

William Miller, caretaker, discovered the absence of the cubs when he went to feed the animals. This is the second time this bear has avoided the trouble of raising her young by eating them.

Her guests including Mrs. Warren Allen (Gettine) Mitchell, Mrs. Daniel Knox, Charles Chubb, Mrs. William Church, Miss Ramona Allen, Miss Julia Jacquemart, Miss Mabel Michener and Miss Irene Gardiner.

'CAVE MAN' TRIES TO CARRY GIRL AWAY UNDER HIS ARM

Maid Fights With Assailant, Screams and Eludes Grasp

LOS ANGELES, Jan. 14.—Seized by a "cave man," who carried her away under his arm as his prehistoric ancestors were wont to do, little 15-year-old Elsie Niebe, living on the Hesser ranch on Washington boulevard, fought and screamed until she aroused the neighbors, according to a report received at the sheriff's office.

The girl fought with her assailant and finally broke away. Neighbors hearing her cries, rushed to her assistance, and when the "cave man" fled, they organized a posse and pursued him over the hills. He escaped.

The girl was returning from a grocery when a young man, apparently about 22, leaped out from the side of the road, halted her and ordered her to go with him, placed her under his arm and bore her away.

The girl, after escaping, ran back to the grocery and told her story to the grocer. The grocer immediately notified Underhill White and deputies in that vicinity.

Mrs. E. Linette, according to the sheriff's office, saw the struggle between the girl and her alleged assailant and watched him leap upon a passing motor truck in an effort to escape. She ran out to intercept the truck driver, she says. When the truck slowed down, the mysterious assailant leaped off and fled.

Then ensued a chase through the darkness after the fleeing man, in which the grocer, truck driver and Mrs. Linette participated. After following the fugitive several blocks they lost track of him and he escaped toward Venice.

Deputy sheriff arrived on the scene shortly afterward and immediately took up the chase, notifying all adjacent towns.

MYSTERY WOMAN IN HOSPITAL STILL SILENT

SAN MATEO, Jan. 14.—The mysterious woman in the Red Cross Hospital, San Mateo, added another day to her record-breaking silence about her own identity. All efforts of the police and of Dr. W. C. Baker, county physician, to have her divulge her name were fruitless. She maintained a stubborn speechlessness.

The woman was found by the police last Friday night in the waiting-room of the United Railroads, San Mateo. She was ill and penniless.

Her condition showed no improvement today, it was said.

SOME CONGRESSMEN MAY 'HECKLE' PRESIDENT

WASHINGTON, Jan. 14.—Whether President Wilson can be "heckled" when he appears before a joint session of Congress to deliver a message, was discussed yesterday on the floor of the House.

Speaker Clark pointed out that the last President who commuted a message to Congress in person, Thomas Jefferson, submitted to questioning from the floor. Representative Samuel W. Smith of Michigan raised the point, and asked whether a representative or Senator might arise in his place and propound a question to the president.

"It would be difficult to decide that," said Speaker Clark. "President Wilson is the first chief executive since the early days of the government who has appeared before Congress to deliver his message personally."

WOMAN WITH SLEUTHS SEARCHES FOR JEWELS

SAN FRANCISCO, Jan. 14.—Believing that she had found a clew to her \$500 diamond earrings lost Christmas day, Mrs. M. Love, 1549 Fillmore street, obtained a warrant yesterday to search the home of Rudolph Rolanda, 2165 Bush street. Her efforts were fruitless.

Mrs. Love went to the Rolanda home with two detectives and after informing Mr. Rolanda through an interpreter of the nature of her visit, asked for the 10-year-old son of the family, as it was he who boasted to his playmates of having found the earrings.

The boy said he had found an earring a few months previous, but it was a cheap trinket. After the entire family had been questioned, the detectives and Mrs. Love departed with profuse apologies to the Rolandas.

Mrs. Love offered a reward for the earrings.

An Old, Family Cough Remedy, Home-Made

Really Prepared—Costs Very Little, but is Prompt, Sure and Effective.

By making this pint of old-time cough syrup at home you not only save about \$2, as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even the most stubborn croup, whooping cough, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2 1/2 ounces of Pine (50 cent worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in a matter of minutes. It quickly loosens the dry, hoarse or painful cough and beats the inflamed membranes. It also has a remarkable effect in overcoming the persistent lough cough by stopping the formation of phlegm in the throat and bronchial tubes. Excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and do not accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with every preparation. The Pinex Co., St. Wayne, Ind.

SUPERSTITIONS

By LILLIAN RUSSELL
(Copyright, 1915, by Lillian Russell)

"The above sentences, which I recently came across in a book I was reading, are well worth repetition. Not many people who are in the habit of closing their bedroom windows at night would be willing to admit that the custom is due to a superstition which prevailed over vast sections of the globe during medieval ages. But such is the case. Many ancestors consecrated the day to their gods and the nights to evil spirits. Superstition led them to close their homes with sunshine during the day, but at night they closed every door and window to keep out the evil spirits that reigned.

It seems almost ridiculous to suggest that many of the people now sleeping in stuffy and tightly closed bedrooms are merely victims of superstitions entertained by their forefathers and past generations. Yet in reading a book written by one of our modern writers I came across the following:

"Is it not a relic of the primitive superstitions of our pagan forefathers, who, because of their fear in the night, peopled the air with evil spirits and made darkness the region of their special activities, that some still curtain their beds and shut the casements? In their fear of the night, some people are worse than Chinese and Koreans, who close all doors, windows and apertures, lest through them demons and evil spirits will enter the house."

If these people only stopped to consider the matter with intelligence, they would soon realize that the evil spirits are within, and not without the closed room. They are the evil spirits that cause sickness.

A large percentage of people who are ill are merely suffering from a lack of breath. It is not volume that is lacking, but quality. An insufficient supply of oxygen is responsible for nearly all the diseases of the air passage.

It would certainly shame intelligent persons to realize that they are shutting out the night and its health giving powers merely on account of a superstition inherited from uncivilized ages. But those people who are so far behind the times that they sleep in closed rooms, regardless of the effect upon their health and appearance, have actually failed to advance in one direction at least from pagan ideas.

Remember: Every hour you spend in the open adds to your

LILLIAN RUSSELL

health and appearance and the sinking sun does not take with it the purity of the air.

Lillian Russell

Answers to Queries.

X. Y. X.—For superfluous hair mix one part of ammonia with two parts of peroxide of hydrogen. The peroxide bleaches the hair, making it less conspicuous and the ammonia gradually kills the roots.

Elaine W.—Many people need facial massage at your age. I will be glad to mail you an excellent massage cream and full instructions for massaging the face and neck if you will write me again, asking for them, enclosing a stamped, self-addressed envelope.

Margaret.—I cannot tell the cause of hemorrhages and would advise you to consult your family physician.

Bowman's Bulletin

VOL. 3. BROADWAY AND 13TH, OAKLAND, CAL., THURSDAY, JANUARY 14, 1915. No. 1.

Circulation Guaranteed to Equal that of Any Newspaper in Oakland.

Suggestions Solicited.

Hand Bags at Bargain Prices—Big Sale Now On at Bowman's

Here's good news! There's a hand bag sale now on at Bowman's! To those who have attended these sales in the past no further explanation is necessary. But to the folks who don't know about these annual hand bag sales at Bowman's we wish to say the following: Every hand bag in our entire stock has been reduced. Some of the prices have been more than cut in half. Others have been reduced 10, 20, 25 per cent. Others have been reduced 50 per cent. etc. If you want a bargain now is your chance. For the convenience of buyers we have grouped the bulk of our stock into five lots, priced as follows: \$1.45, \$1.95, \$2.45 and \$3.65.

WHEN YOUR HANDS AND FACE ARE CHAPPED.

A Few Simple Remedies That Have Been Tried and Found to Be Effective.

This is the time of the year when your hands and face get chapped and your lips crack unless you prevent it by the application of face creams, etc., made for this particular purpose.

We have several successful face creams which can be used with confidence.

Bowman's Rose Cold Cream at 25c a jar is exceedingly popular. It is perfumed with attar of roses and does not turn rancid.

Benzoin Cream is a liquid preparation especially fine for chapped hands both as a preventative and a cure—25c and 50c.

Perfide Cream is a greaseless cream that softens the skin. It is generally used before applying face powder. Price 25c.

Bowman's Vergo Cream is probably more generally used than any other facial cream we carry. A 4-oz. jar sells for 50c. All of the above are fully guaranteed to give satisfaction.

BE CAREFUL IN SELECTING COUGH REMEDIES FOR CHILDREN.

It Is Unnecessary to Use Remedies Containing Narcotics.

"I prefer to buy at Bowman's because they are always willing to tell me the truth about everything they sell," said one of our customers the other day.

This is a very important advantage when it comes to the purchase of children's remedies, because there are so many of these medicines whose chief effect is that of the narcotics which they contain.

We have a cough syrup containing no narcotics, which is becoming very popular. It is called Pine and Tar Special and although both the morphine and chloroform, usually found in cough syrups, have been eliminated, it is still more efficacious than ordinary remedies of this kind. 25c and 50c a bottle.

We also sell another harmless cough syrup called Victor Cough Syrup. This is especially

BOWMAN'S FOR HOT WATER BOTTLES.

Headquarters for Rubber Goods of All Kinds, but Especially for Hot Water Bottles.

No matter what you want to pay for a hot water bottle, whether it's 75c or \$2.75, or any price between, be sure to get it at Bowman's, where every bottle sold is guaranteed.

We have them at all prices, but if you expect to use one regularly it will be cheaper for you in the long run to get a Lynwood bottle, of which the 2-quart size sells at \$1.50 and the 3-quart \$1.75.

made for children and most agreeable to their taste. It stops coughs promptly and has no tendency to cause constipation. It also sells at 25c and 50c a bottle.

We recommend either of the above.

RETAIL CLERKS REVEL IN OWN TRIBULATIONS

JOVIALITY, REIGNS GALORE AT JOINT BANQUET

MEMBERS OF RETAIL CLERKS' PROTECTIVE ASSOCIATION AND RETAIL SHOE CLERKS' PROTECTIVE ASSOCIATION AT INSTALLATION OF OFFICERS HELD LAST NIGHT.

WEALTHY MINING MAN SUCCUMBS TO ILLNESS

After a brief illness, Timothy Kyle, 50 years of age, died yesterday morning at his home, 530 Thirty-fifth street, where he was married to Mrs. S. Osgood, a local clubwoman, four months ago. His death was caused by heart trouble.

Kyle was a native of Maine, having come to California many years ago. He resided in Los Angeles for about five years. A retired mining man, he had amassed a fortune in the mines of Leadville.

The body will be cremated and the ashes shipped to Maine, Mass.

THE HAIR THAT ARTISTS ADMIRE

Ask an artist what he considers the chief charm of beautiful hair and he will answer that he looks for even color, brilliancy and a looseness that eliminates any hard, definite lines. Naturally beautiful and healthy hair are obtained by retaining a perfectly clean head. In washing the hair it is not advisable to use a make-shift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of cantharox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

PAN-AMERICAN BANKERS WILL BE ENTERTAINED

WASHINGTON, Jan. 14.—Assured by congressional leaders of funds to defray the expenses of entertaining the Pan-American bankers who will attend the commercial conference at San Francisco during the Panama-Pacific Exposition, with treasury officials, the federal reserve board and prominent American bankers, administration officials today were going ahead with plans for the meeting.

The conference will be held to discuss means of strengthening the commercial relations between the two American hemispheres. Several countries to whom informal invitations were sent have notified the Washington government of their intention to be represented.

Preliminary arrangements for the conference have been undertaken by the treasury and state departments and President Wilson has taken an interest in the meeting.

At a conference last night the president outlined details of the project to Senator Stone and Representative Flood, chairman of the senate and house foreign relations committees and received their approval of a proposed appropriation of \$5000 to meet the cost of entertaining the visiting foreign bankers. At that time also, San Francisco was announced as the place of the proposed conference.

It is expected that practically every American republic will be represented at the meeting.

CONVICTION AFFIRMED.

SANTA FE, N. M., Jan. 14.—The state supreme court has affirmed the conviction of Jose P. Lucero for solicitation of a bribe as a member of the first state legislature. Lucero was sentenced to the penitentiary for one year for attempting to sell his vote in the contest for United States senators.

Fun and varied entertainment marked the large banquet given jointly last night by the Retail Clerks' Protective Association and the Retail Shoe Clerks' Protective Association.

A large delegation of clerks from San Francisco attended the ceremonies and took part in the entertainment.

James Leach, a well known amateur comedian and musician, furnished wit and music at the piano. W. A. Clark and H. D. Mendenhall proved a clever duo in a song and dance act.

L. Hyde and H. Jacobs, San Franciscans, won hearty applause for their funny sayings.

Harry Tobias and Joseph McGowan won laurels as fun makers when they presented an impromptu sketch, "Selling Shoes." McGowan played the part of a female buyer who just knew that nothing would suit her. Tobias in the role of clerk demonstrated skill in the selling art, and needless to say won the sympathy of the audience instantly.

Speakers for the evening were H. V. Carter, George King of San Francisco, B. Kantowitz, S. Abrahams, C. Trethway and Mortimer Willis. J. A. Kettellwell was toastmaster of the evening.

H. V. Carter spoke on the organization of the association, its growth and the organization of the joint club. He praised the work of the members and enumerated the benefits of the clubrooms.

The Retail Shoe Clerks' Association, Local No. 1129, installed the following officers:

H. V. Carter, president; Frank Bowers, first vice-president; L. Boas, second vice-president; J. Sanderson, financial secretary; S. Sepulveda, guardian; J. D. Trethway, guide. L. Hyde, H. Goodman and J. D. Trethway are directors for the year.

THREE HOUSES RAIDED; WOMEN ARE ARRESTED

The police last night raided three houses in different parts of Oakland and arrested women on charges of irregular conduct. At 523 Clay street, George Peppers, an employee on the city dredger, is alleged, resisted Patrolman Stephen Connolly and gave the patrolman a black eye.

Peppers was arrested on a charge of battery and his wife, Mrs. Lucy Peppers, on a charge of keeping a house of ill repute. The police also arrested Jessie Dales, on a charge of vagrancy, at the same address.

Peppers was in bed at the time but on hearing what had occurred he jumped out of bed and struck Connolly in the face, knocking him down and a fight followed in which Connolly succeeded in subduing Peppers. At the time the house was surrounded by a posse including Patrolmen Rumsch, Petersen, Watson, and Special Dalte.

Another raid was made on a house at Pacific and Willow streets where Patrolman Pratt and Special Policemen King arrested Dorris Moulton and Myrtle Ray on charges of vagrancy.

The police also entered a house at 522 Seventh street and arrested Irene Martin on a vagrancy charge.

FRANKLIN THEATER ANSWERS CHARGES

Makes Reply to the Published Criticism of Its Motion Pictures.

"We absolutely deny every allegation contained in the published statement of the Enquirer," said Advertising Manager M. A. Krueger of the Franklin theater, today. "and we respectfully invite the public to criticize the criticism by attending the show themselves. We would rather have the endorsement of the public than an attack inspired by any newspaper that bases its advertising rates on a pass basis rather than on a cash basis, and we are perfectly willing to tell the public the reason we discontinued our advertising with the Enquirer. We refuse every charge regarding the indecency of the pictures shown, but choose rather, to hear that reputation come from the public, where it will carry weight, than from us."

"As to our having been asked to discontinue our advertising, we say that we will show our bills with the Enquirer, which will readily prove their willingness to accept our business."

General Manager C. W. Middley stated that he has the statement from each clerkman quoted in the interviews of last evening's Enquirer, to the effect that long before the first story was printed, they were called on the telephone and questioned along general lines. The Franklin theater was not mentioned in any instance. They were asked for statements regarding the showing of lewd films, the admission of drunken or other obnoxious characters into the theater, and they responded in the same terms any representative, law-abiding, decent man or woman would make.

"The defense of the picture 'Samson,' which seems to be the target, Mr. Middley stated that the film was made from the original production of the play by Charles Frohman at the Criterion Theater, New York, with William Gillette and Miss Constance Collier in the leading roles. The play had a run of 600 nights in New York, and the picture carries with it the endorsement of the press of the east."

"We leave the injustice of the attack with the public. We have striven to give a clean, educational and musical show, and claim we have had a representative audience at every performance," said Krueger. "The music lovers of both sides of the bay have been our best patrons, enjoying the superior attraction we have presented, and surely no colony is more exacting than the musicians. The following letter received from a patron, sets forth the spirit our friends are manifesting all over town and we feel that for us to add anything to it would be undignified."

Oakland, Cal., Jan. 13, 1915.
Franklin Theater Management,
Dear Sir: I go to all the theaters in town, and to yours almost regularly. I go particularly to yours to hear the beautiful music, the pipe organ particularly. I read the outrageous article in last night's Enquirer, outrageous, untruthful, and very poorly written, and I feel I must say to you that I know your theater is as clean, as safe as any crowded and in respect of music and films surpasses some of the other theaters. I was at the Oakland theater Sunday evening. I paid 25c for the best seat in the house and was obliged to stand until I had to leave without seeing the pictures, for fear of fainting. I am not complaining of the Oakland, and realized when I went there on that day and at that hour that I could not expect to get a seat. I have been in your theater almost every week since you opened it. It is airy, well ventilated, and comfortable. I have heard the music and have yet to see the failure of the house to call the organist back even though he has performed three times. I am very sure I am as careful and particular as any person connected with the Enquirer, and I am going to do tonight what many hundreds of people will do, after reading the article—I am going to see the pictures and plays and stand ready to say that I have never seen any other kind in your theater—and I don't believe I'll see anything different tonight.

Yours very truly,
A PATRON.

PIONEER RESIDENT OF OAKLAND PASSES AWAY

After a lingering illness of several years, Mrs. Sarah Barreille, mother of Mrs. E. R. Hill of East Oakland, died this morning at the S. H. residence, 1411 Eleventh avenue.

For the past twenty years Mrs. Barreille had lived in this city, having settled here with her husband the late George Barreille, who died twelve years ago. She was a native of New York state and was 72 years of age. Mrs. Barreille was active in church work and was a member of the Baptist church of East Oakland. Her husband was a well known citizen as well as a social leader of Oakland.

The funeral will be held Saturday afternoon from the home of her son-in-law Dr. E. R. Hill of Eleventh avenue and the body will be interred in Mountain View cemetery.

SPRECKELS URGES CITY OWNERSHIP

"Let Oakland Buy Peoples Company." His Reorganization Plan.

SAN FRANCISCO, Jan. 14.—Rudolph Spreckels made public for the first time his plan for the reorganization of the Peoples Water Company when he took part in a meeting of the stockholders yesterday in the First National Bank building. He proposes that without any unnecessary delay, the city of Oakland buy the Peoples Water Company, including the properties of all the subsidiary companies, at a reasonable price, and out of the proceeds of the sale the first mortgage bonds and all other securities now outstanding be liquidated.

As a preliminary to this sale he suggests that \$140,000 be subscribed by the bondholders of the overlying securities to constitute a guarantee fund for the payment of the interest on the \$5,000,000 underlying bonds now outstanding.

Spreckels, who presided at the meeting of more than 150 holders of the various securities of the Peoples Water Company, made the opening address, which outlined his position substantially as it has been published in his several circular letters.

TOTAL RELIABILITY.
Spreckels called attention to the fact that the total amount of outstanding obligations of the company so far as he was able to ascertain, aggregated \$12,150,000. "This," said he, "should insure at least \$2,000,000 actual leeway in our negotiations with the city of Oakland."

QUEEN OF CARNIVAL IS GRANTED FINAL DECREE

SAN FRANCISCO, Jan. 14.—"But, sweetheart, if you talk in your sleep, please don't mention my name." This refrain of a popular song, carried out in real life, figured in the divorce action of Mrs. Mabel C. Ross, queen of the North Beach carnival, who married Adolph Ross in 1910 and who obtained a final decree from Superior Judge Flood this morning.

Ross, who was Miss Mabel Cameron, brought a suit charging cruelty. In his answer Ross accused her of talking in her sleep and mentioning the names of other men. Nevertheless she was given judgment and today had the final divorce decree entered.

Why Suffer From Migraine or Sick Headache?

USE ANTI-KAMNIA TABLETS
Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two Anti-Kamnia Tablets when the first symptoms appear, and one Anti-Kamnia Tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-Kamnia Tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all Pain.

GOVERNOR INTERPRETS FAR FOR INAUGURAL

By Associated Press.
DES MOINES, Jan. 14.—"The Federation of the world, practical disarmament of the great powers, and a long step forward for the brotherhood of man," are among the probable results of the present European war, according to Governor George W. Clark in his inaugural address here today.

Despite the gloom of the European war, the Governor prophesied that mankind would be better for it in the end.

"It is an appalling price to pay," he said, "but beyond this world war lies, in all probability, the death of militarism, the practical disarmament of the great powers of the earth, the removal from the people of the crush-

ing burdens of great armies and navies, the disappearance of hereditary rulers and entrance of more perfect democracies."

WOULD ADMINISTER ESTATE.
SAN FRANCISCO, Jan. 14.—Attorney Joseph F. Taffe filed an application for letters of administration in behalf of Mrs. J. McLaughlin, widow of John McLaughlin, who died recently leaving a \$10,000 estate to her and three daughters.

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant Relief With a Small
Trial Bottle of Old "St.
Jacob's Oil"

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief awaits you. "St. Jacob's Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains. —Advt.

SEEKS 1915 SUSPENSION OF SALOON CLOSING LAW

SAN FRANCISCO, Jan. 14.—An effort to bring about the suspension of the 2 o'clock closing law during the Exposition, is being made in Sacramento, and today Assemblyman Rodgers of San Francisco will introduce a bill to this effect into the Legislature.

If the bill carries it will suspend, until January 1, 1916, the law compelling liquor dealers to close at 2 o'clock in the morning.

Those interested in the movement decided on this method as more likely to give greater freedom of hours by the time the Exposition opens than further attacks on the constitutionality of the law.

SOLDIER ACCUSED OF MURDER.

PORT TOWNSEND, Wash., Jan. 14.—Glen Austin, aged 23, a private in the 53d Company, Coast Artillery, U. S. A., stationed at Fort Worden, has been arrested yesterday, charged with the murder and robbery of a woman at Allegan, Michigan. The murderer got \$5. Austin, it is said, was betrayed by a letter which he wrote to a woman in Michigan.

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wreth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin, have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wreth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

HAS JITNEY SOLUTION.

EDITOR TRIBUNE: I propose the following solution of the jitney-bus problem:

1. All jitney-buses should be placed at once under the control of the State Railroad Commission as common carriers.

2. Since it is contrary to the public interest that enormous profits should be secured by those who have invested in good faith in street car company bonds and stock, and that large numbers of men should be thrown out of employment, and since the street car companies have at least the color of right to the exclusive privilege of carrying passengers along streets on which they have franchises, the Railroad Commission should grant a monopoly of the jitney-bus business to the street car company in each city of California.

3. This monopoly may be legally effected by the Railroad Commission by prescribing such regulations as to liability, insurance and service as will make it impossible for the individual jitney to continue in business. It is obviously a less injustice to drive a jitney-driver out of his new-found business than it is to deprive a motorist or conductor of his long-standing occupation.

4. The street car companies, now confronted by ruinous competition, will accept the task of organizing and conducting a jitney-bus service for which their extensive facilities by virtue of their training have special equipment and knowledge. They are between two evils and will choose the lesser.

5. The principle of beneficial monopoly has already been laid down by the Railroad Commission, and in taking the action above outlined, they will be proceeding in complete accord with principles they have already established. In certain light and power cases, the Railroad Commission held that where a public utility corporation is giving a satisfactory service at a reasonable rate, it is uneconomic and wasteful for another corporation to duplicate the plant and equipment of the corporation first in the field, and to engage in ruinous competition; and that such duplication and competition could not be sanctioned by the Commission.

6. A monopoly of the jitney-bus service having been granted to the street car company in each city of California, the Railroad Commission will enforce the giving of jitney-bus service by the street car companies, and so far as practicable all positions in the jitney-bus service will be filled from the present list of employees of the street car companies.

7. The first few months' experience by the street car companies, in co-operation with the experts of the Railroad Commission, will probably demonstrate to what extent the carrying of passengers in cities by gasoline-driven or electric vehicles for a cent fare is economically a sound proposition and the extension of the jitney service, upon order of the commission, will naturally proceed, or be limited, upon a valid economic basis.

8. If it be found that when all liabilities and depreciations are taken into account, the transportation needs of cities can be better served by trackageless, electric and gasoline driven vehicles of whatever type shall be developed, then gradually the rolling stock of the street car companies will be scrapped, tracks torn up, poles and wires removed and the entire personnel of the street car companies absorbed and taken over by the bus service.

9. Since this process will continue over a considerable period, there will be no violent dislocation of business or destruction of values; no disastrous reverses for street car companies; no large bodies of men deprived of their occupations. If, ultimately, less money is necessarily expended by owners of stocks and bonds of street car companies, this loss will take effect so gradually that its injurious results will be minimized.

HENRY ANDERSON LAFLEW.

STREET SIGNS OBSCURED.

EDITOR TRIBUNE: Dear Sir—In a recent issue, you inquire "If Oakland has done everything possible for its advancement." From the standpoint of a visitor, I would suggest that one most essential factor is overlooked, viz: the correct position of the names of the streets. At intersection, upon three corners, no name is visible, at the fourth corner, one is usually discovered, but almost totally obscured, by the large globes and, at once, the hurried pedestrian makes unfavorable comparisons. In fact, the street names are the first necessity of the stranger, and if in plain sight, inspire a friendly feeling, and the importance of the favorable first impression is a great factor in the world of progress today. This mistake should at once be rectified, at least in the downtown section.

MISS CLARK.

repeat, and this so many times before reaching Broadway and Broadway. Now I believe the City Council wants to be fair to motorists, not fully protect life and limb, so permit me to suggest that an ordinance be passed requiring drivers of vehicles to reduce speed to at least eight miles per hour in passing street cars in residential sections, and to clear running board of said car not less than four feet. Now I believe such a law would be just and agreeable to all concerned for eight miles per hour insures safety to pedestrians and at same time permits motorist to pass cautiously on the high.

As the law now is, the continual shifting will soon ruin the very best of expensive gears.

EDGAR A. YELTON.

MELLENDEZ IS CHOSEN SALVADOR'S PRESIDENT

By Associated Press.

SAN SALVADOR, Jan. 14.—Carlos Melendez was chosen president of the republic of Salvador in the presidential election which terminated yesterday. Alfonso Quiroga was elected vice-president.

There was virtually no opposition to these two men and members of all the political parties today expressed satisfaction at the result.

Carlos Melendez, as Vice-president of Salvador assumed the presidency upon the death of Dr. Manuel Aranda in February, 1912. He resigned his office last June that he might be a candidate for re-election, the constitution of Salvador prohibition election of a candidate for an office he has held six months, prior to the election.

JOBLESS ARMY CLAMORS FOR CHANCE TO LABOR

By Associated Press.

BAKERSFIELD, Jan. 14.—One hundred and fifty men clamored for a chance to labor when work on the Kern river levee was started by a citizens' committee that had employed but fifty of the jobless.

The unemployed, consisting of laborers of all trades, including carpenters, mechanics, etc., begged for an opportunity to do the rough work of sand shoveling, grubbing trees and handling the pick and axe.

JITNEY DRIVERS ORGANIZE.

SEATTLE, Wash., Jan. 14.—Three hundred and fifty jitney bus drivers met last night and unanimously resolved at a meeting to form a business corporation. Committees were appointed to submit plans next Monday for a permanent organization, work out schedules for routes, plan for liability insurance and examine into legislative action which might seek to regulate the business. Five women drivers of jitney buses were present.

Hubby, Dear!

I stopped in at HOLABIRD'S and bought just what I've always wanted—an electric coffee percolator.

—It was only \$5.00, including the cord, and it is guaranteed against burning out for five years because it is made by the Hotpoint Company. Watch it start percolating, dear; just 25 seconds after I turned on the current.

—Well, I declare, Mary, here we have our coffee all ready—made right on the table— piping hot and so clear and appetizing. Why not get one for mother and father? They love coffee so. I'll phone today and have one delivered to them. Where did you say you bought it? Why, right down on Clay street—

HEAR OWN SONGS? ALICE LLOYD MAY

ALICE LLOYD.

Perhaps the most unique tribute ever given to the art of Alice Lloyd is that which Benjamin Gavica, the picture machine operator of the Oakland Orpheum, has just devised. Gavica yesterday presented the manager of the Orpheum with a novel machine which he has manufactured, resembling a dictograph, which brings the quiet notes of Alice Lloyd direct from the stage to the offices of the management in the front of the Orpheum building.

Now you will be able to hear Alice Lloyd every second while she is on the stage, both afternoon and night," said Gavica in triumph as he brought his latest invention and laid it on the manager's desk in the Orpheum offices.

It was a very simple instrument. It consisted apparently of nothing more than an ordinary telephone transmitter hanging from a cord in the wall. The office boy snickered. The idea of listening to Alice Lloyd from way back on the stage through that insignificant bit of machinery. Nonsense!

Gavica has perfected a machine, making use of some of the talking picture equipment that remained in the theater when the talking pictures were removed last year, which brings the music and words down to the faintest syllable and slightest inflection, clear from the stage to the managerial offices in the front of the building.

Alice Lloyd was shown the mechanism of the thing today and admitted the idea very much, saying that it was the most touching tribute she had ever received in any of her tours.

"I am only sorry," said Miss Lloyd, "that I cannot sit up in the Orpheum office and hear my own songs."

J. HESEMAN HAS HEIR.

A son was born to the Charles J. Heesman home, 1810 Alice street, this morning at 1 o'clock. Both the mother and infant are doing well. A costly layette was made for the child, who is the first to be born to the couple.

DESIGN OF COUNTY EXHIBIT COMPLETE

Wheel With Bas Relief and Miniature Shipping for Exposition.

Plans were completed today by C. W. Mackey, the architect named by the board of supervisors to perform the work, for the center piece of the Alameda county exhibit at the Panama-Pacific Exposition.

The big centerpiece will represent all of the county's attractions, which will be seen at a glance. This will be asked for tomorrow by the supervisors, and work will be rushed on the exhibit. The design is in the shape of a wheel that will be of striking appearance, about 20 feet in diameter standing 2 1/2 feet off the floor, the hub formed by a model of a portion of Alameda county showing Oakland, Berkeley and Alameda, the water, the estuary and the hills, in the center the Oakland city hall standing 14 inches high and the Greek Theater will be shown about 7 inches in diameter. The waterfront will be represented by real water with small ships floating.

The eight spokes of the wheel will be formed by railroad trains and leading towards the three cities; the coaches will each be about 12 inches long, and these, with the locomotives and tenders will be made in the shops of the various railroads centering here and will exactly represent their equipment.

BAS RELIEF WORK.

The space between the spokes of the wheel will be laid out in farms and factories with little buildings about one inch high, trees, lawns, fields, roads, fences, etc. All of this work will be very graphically worked out and all will be done in color.

The rim of the wheel will form the most interesting portion of the exhibit. It will consist of three tracks with four main trains, two on the outer track running in one direction, two on the inner track running in the opposite direction, and all trains switching onto the middle track and off again just in time to avoid collision. The trains will be exact representations of the overland trains, the switches, semaphores, engine bells, etc., will be beautifully made and electrically operated.

Surrounding the moving trains will be a country road with automobiles, also in motion.

The wheel is to be ready and in full operation on the opening day of the Exposition, February 20, and will be a center of attraction on Alameda County Day, February 25.

MARBLE IN WINDPIPE.

With a marble stuck in his windpipe, 8-year-old Ben O'Shea, 1827 West Seventh street, was taken to the Emergency hospital last night in a state of strangulation. Dr. Irwin succeeded in dislodging the obstruction, but it has not been recovered.

It Will Get Here Saturday Morning!

WANTS INVESTIGATION OF ILLINOIS ELECTION

CHICAGO, Jan. 14.—An inquiry into the last election in the eastern judicial district of Illinois has disclosed conditions which he believes warrant a thorough Federal investigation into charges of fraud, according to Charles A. Karch, United States district attorney of Danville, Ill., here today.

Mr. Karch has reported to the Department of Justice that private investigations had resulted in widespread charges of fraud, that allegations had been made that large sums of money had been spent at the elections both in 1912 and 1914 and asked the approval of the department in extending the investigation.

Mr. Karch said he had not received a reply to his letter, although news reports from Washington were that William Wallace Jr., assistant attorney general, has notified Mr. Karch to proceed with his investigation.

RABBI MAKES PRAYER.

WASHINGTON, Jan. 14.—Rabbi Martin A. Meyer of Temple Emanu-El of San Francisco, on invitation of Speaker Clark and Representative Kahn, delivered the prayer at the opening of the House session yesterday.

INNES AND WIFE TO FACE LARCENY CHARGE

AUSTIN, Tex., Jan. 14.—Victor E. Innes and his wife, Ida May Innes of Eugene, Ore., must face charges of larceny after trusting in Georgia, according to an opinion yesterday by the court of criminal appeals, sustaining the action of Governor Colquhoun in granting extradition.

They have been indicted at Atlanta, Ga., charged with misappropriating funds of Mrs. Elois Nelms Dennis.

Mr. and Mrs. Innes recently were charged of charges in connection with the mysterious disappearance of Mrs. Dennis and her sister, Miss Beatrice Nelms. The charges were in San Antonio.

HOW TO CURE A LA GRIPPE COUGH

"Coughs that hang on" demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it." Those racking, "grit" coughs that wrench the body and cause soreness and pain in the lungs yield more quickly to Foter's Honey and Tar than to any other treatment. For years' record of successes prove this. Coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can find relief that will compare with this reliable remedy. Sold everywhere.

WOMAN HELD IN THRALL, CHARGE

Her Husband Asserts "Mysterious Influence" Was Really Broker.

MARYSVILLE, Jan. 14.—Was Alpheus L. Hanscome, land agent, who, it is now charged, forced her to an attempt to gain for him her husband's property, the "indefinite he," of whom the woman's physicians say, Mrs. Kathryn Giblin was in terror for years prior to her suicide this week, which has brought the facts in the queer case to light.

"The indefinite he," as the physicians called the woman's queer supposed hallucination, may not have been an hallucination after all. If the charges of her husband against the real estate man can be proved, Giblin declares that Hanscome induced the woman to main from him deeds to his property, and that these were then placed in Hanscome's care. Whenever he brought his wife, says Giblin, to redress the property to him, Hanscome ordered her, and in the meantime attempted to induce her to separate from her husband and, with the latter's property, join him. Finally, says the husband, the woman broke down and told him she was having the deeds, but declared that this was done for the protection of the woman. The husband, a saloon man, it is declared, drank heavily.

DOCTOR TELLS TALE

Dr. R. Kaufman, testifying before the coroner's jury, first told of the "indefinite he" that the woman feared. For years, he said, she had suffered from "persecutory delusions," and in these the "indefinite he" figured. Sometimes, he declared, the strength of these men was necessary to keep her in bed.

John Giblin, the husband, declares that Hanscome had a queer and indefinite influence over his wife. He drew up, says Giblin, deeds from him to his wife for the property, and persuaded him, on the ground that his wife's interests would be protected, to sign. Later, says Giblin, he discovered that the two were corresponding.

Several days ago Mrs. Giblin made a proposition that Giblin give her \$10,000 as compensation for the return of the property mentioned in the deed, to which Giblin agreed, but between the time Giblin could arrange with his attorney to attend to the matter and the time he next broached the subject to Mrs. Giblin, the latter changed her mind, which change Giblin attributes to Hanscome's influence.

WANTED PROPERTY, THEORY

Giblin's theory of the whole affair is that Hanscome planned to cause a separation and to eventually gain control of the property transferred to Mrs. Giblin. This theory, he says, is borne out by the tone of each letter written by Hanscome to Mrs. Giblin. He continually refers to the time when they will not be separated and will live happily in the possession of what rightfully is hers.

According to Giblin, at one time when Hanscome thought Mrs. Giblin was about to yield to her husband's entreaties to re-deed the property to him, Hanscome told before Mrs. Giblin a letter in which a woman in San Francisco, who claimed to be the legal wife of Hanscome, threatened to sue Mrs. Giblin for alienating the affections of Hanscome. This frightened Mrs. Giblin into making a clean breast to her husband of her entanglements with Hanscome, but at the same time she continued to be influenced by the man.

ON TRIAL FOR ESPIONAGE

By Associated Press.
CASA BLANCA, Morocco, via Paris, Jan. 14.—Three Germans, Karl Fickel, Nepekorn and Grundler, who are charged with having been largely instrumental in the recent revolts of natives which hampered the work of the pacification of Morocco, have been placed on trial by court martial. They are accused of espionage.

WILSON MAKES NOMINATIONS

By Associated Press.

WOMAN TRAMPS ACROSS CONTINENT DONKEY HER TRAVELING COMPANION

MISS MARGARET GEIST, WHO HAS TRAVELED FROM NEW YORK TO OAKLAND WITH A DONKEY, AND HAS THEREBY WON A \$5000 PRIZE.

DETAINED OFFICER OF ARMY IS VEXED

SAN FRANCISCO, Jan. 14.—A mantle of secrecy has fallen upon the marine hospital and all of the attaches by reason of the agitation begun in behalf of Captain Frederick Gilbert Dodge of the United States revenue cutter service. Captain Dodge, who is under treatment for illness, has set up the claim that he is being held a prisoner, deprived of the privilege of visiting his family, who live only a ten-minute ride from the hospital.

The wires have been kept hot with messages between here and Washington sent in behalf of the officer, but so far he has not been relieved from his predicament.

This morning the superintendent of the hospital declared that instructions had been issued to everyone that there must be no comment regarding Captain Dodge's situation.

"You are at liberty to talk with Captain Dodge or to see him, but as far as the officials of this institution are concerned, we can give out no information," declared the superintendent. "The affair is a most peculiar one and we do not desire to become involved in it. I will say, however, that no one orders have come regarding Captain Dodge today and his condition remains the same."

HE ALSO RETICENT

Captain Dodge is being held in a small room adjoining the main ward. He was able to sit up this morning and was himself rather reticent regarding his predicament.

"I have never applied for a sick leave until this occasion," he declared, "and really I am being treated as though there was some crime against me. I have sent a formal protest to Washington and it has been endorsed by my commanding officer, Captain F. Reynolds. I have been twenty-eight years in the government service and my record speaks for itself."

Captain Dodge has only words of praise for his treatment at the hospital by the surgeon in charge, Dr. E. M. Woodward. His wife and three children live only ten minutes away and this is his chief cause of complaint. He cannot go to see them.

Mrs. Dodge declares that for some unknown reason Commandant E. P. Berthoff has been most unjust to her husband and is responsible for the order. She claims that the surgeon general at Washington is exceeding his jurisdiction in the order he has issued regarding Captain Dodge.

At Washington yesterday Dr. W. G. Stimson, assistant surgeon general, explained the situation by saying that there was no discrimination.

"All talk of conspiracy is absurd," he said. "Captain Dodge may return to his ship when he is in a condition to do so. Meanwhile he must remain at the hospital as a patient would be required to do in a private institution. His diet must be as ordered after and his recuperation hastened."

STRANGER ENDS LIFE FOR RELIEF OF PAIN

SAN FRANCISCO, Jan. 14.—Believing that death would bring the only relief of pain and alone in a strange city, George Tickner, a clerk, 30 years old, committed suicide this morning. He was found dead in his room, 137 Haight street, with gas flowing freely from a stove and two jets on the light fixture. The following note was found beside him:

"Forgive me, everybody. My poor health is getting worse, so I thought my best relief would be to die. Please notify my brother and ship all my belongings to him. Please cremate my body.—George Tickner."

Tickner's brother is M. J. Tickner of 115 Dearborn street, Chicago.

HITNEY PASSENGER IS INJURED IN COLLISION

While taking a jitney ride home last evening J. H. Parson, a mechanic living in Twenty-fourth street, near Telegraph avenue, incurred bruises and lacerations when the small car in which he was riding collided with the automobile of Dr. Krohn at Twenty-fourth street and Broadway. He was treated at the Emergency hospital.

Wins a Heavy Wager by Her Walking Tour

After tramping through deserts and gardens, in rain, snow and desert heat, sometimes sleeping in jails, sometimes in near-palaces, being robbed by Mexicans and befriended by Indians, Miss Margaret Geist of Hamburg, Germany, has walked into Oakland, driving before her a faded and dirty donkey—to win a \$5000 prize, and achieve the distinction of being the first woman in the world to drive a donkey across the American continent.

Inspired by Stevenson's book, "Travels With a Donkey," the German teacher a year ago decided to see the world, and as her first trip planned to visit the Exposition. A German news syndicate, becoming interested, offered her a prize of \$5000 if she succeeded in making the trip before February 1. She finished it today with a half a month to spare.

She started out from New York with her donkey after a stay of six months in this country during which she mastered language and customs. In March, 1913, she drove her donkey with the suffragettes walking from New York to Washington. She left the procession to take up her western trip.

"I have slept in jails, because I could find no other place to sleep," she declares, "have been rained on, snowed, and sometimes gone for days without seeing a woman. Throughout the trip I have been treated with the courtesy Bret Harte has described."

"When possible I stayed at Y. W. C. A. headquarters on the trip. I lectured and sold post cards to make my way, and will exhibit the donkey at the Exposition. By the way, he was white once."

Miss Geist declares that after the Exposition she will continue her travels, but will not attempt the donkey driving feat again.

"I shall travel twelve years more," she declared, "I shall take a donkey or a gun along next time, however."

AUTO DRIVER FACES MANSLAUGHTER CHARGE

Russell T. Day, 2805 Ellsworth street, Berkeley, appeared in the police court this morning on a charge of manslaughter, arising out of having run into a vegetable wagon with his automobile last night, thereby indirectly causing the death of S. Teshina, a Japanese who lived at 2751 Broadway. The case was put over pending the verdict of the coroner's jury.

According to Day, he was driving south on the west side of Broadway. When he approached Ridge way he saw a vegetable wagon directly in front of him going in the same direction. There was no tail light on the wagon and Day did not see it until he was so close that he could not avoid striking.

Teshina, the driver, had only one arm, and when the horses became frightened he was unable to control them. He was thrown from his wagon and struck head foremost on the pavement.

Teshina was removed to the Receiving hospital, where he died within a short time from a fracture of the skull. The team had run away, but was recaptured by Day, who pursued it in his automobile.

Later when he had been informed that the Japanese had died he surrendered himself at the Central station.

\$130,000 HEIRESS TRIES TWICE TO DIE

VENICE, Cal Jan. 14.—Mrs. Jean Nockles, 25 years old, heir to \$130,000, which will come into her possession April 30, and wife of a man who enjoys a good income, was felled twice last night in as many spectacular attempts at self-destruction at Venice because she was "tired of life." Watchers remained at her bedside throughout the night, fearing another attempt.

Although possessed of every other need popularly supposed to insure happiness, Mrs. Nockles has become unhappy and despondent to the point of hysteria through domestic difficulties, friends said last night. She came here two months ago from Pittsburgh, and is said to have intended to establish a residence here and obtain a divorce.

She has been living in apartments in Breeze avenue with Mrs. J. Collard. About a month ago she had an attack of hysteria, Mrs. Collard said, and since that time has been homesick and melancholy.

Last night Mrs. Nockles proposed a walk along the ocean front after dinner and the two set out on the concrete walk.

As they approached the foot of Wavecrest avenue Mrs. Nockles sprang from her companion's side and dashed across the strand toward the breakers. Screaming for help, Mrs. Collard rushed after her. Mrs. Nockles screamed as a wave broke about her waist. She was still screaming, though wailing deeper, when another wave knocked her off her feet.

Mrs. Collard reached her and attempted to drag her ashore, but Mrs. Nockles fought her off. By this time scores of persons, attracted by the women's screams, were running toward them. They could be seen with difficulty as they struggled in the dark.

The song on one of the "quick rescue" posts on the beach was sounded, bringing Police Lieutenant George Lingo and Officer Scarlett of the Venice police. They dashed into the surf and brought the women ashore.

FACTORY FIRE ALARM PREVENTS HEAVY LOSS

A fire that started in the attic of crude oil at the Paraffine Paint company at the foot of Sixty-first street last night was extinguished with small damage through the prompt action of Chief Engineer Exwick, who turned in an alarm last night. As the fire made no recommendations for clemency, O'Quinn must be pardoned unless reprieved by Governor Johnson.

The fire started about 10:30 in the still, reaching about 6000 gallons of oil, but it was extinguished before it had time to spread to the surrounding buildings. The loss is estimated at about \$150 and is covered by insurance.

The contradictory testimony of the many witnesses was explained this morning by Superintendent R. S. Shraimwald, who said that was one of the company's ways of summing help from their employees, who are supposed to come at once when one there "S. O. S." calls out.

DEATH SENTENCE PASSED ON ALEXANDER'S SLAYER

LOS ANGELES, Jan. 14.—Charles E. T. O'Quinn, a 14-year-old burglar, was convicted of murder yesterday. He shot and killed William M. Alexander, a retired millionaire attorney of Dallas, Tex., in Alexander's home, the night of December 21. As the jury made no recommendations for clemency, O'Quinn must be pardoned unless reprieved by Governor Johnson.

Metal effectiveness was set up as O'Quinn's defense. He will be sentenced January 18. With trial, also for murder, begins in the Superior Court today.

JURY DISAGREES

The contradictory testimony of 11-year-old Mildred Hart, principal witness in the case of John Olsen, was the cause of a disagreement in the jury, which was discharged by Superior Judge Ogden last night. The girl testified first against Olsen, who is her foster-father, but later wrote him a letter in the county jail asking his forgiveness.

S. P. VETERAN CALLED BY DEATH

William McKenzie, Shipping Superintendent. Expires in Berkeley Home.

BERKELEY, Jan. 14.—William McKenzie, superintendent of floating equipment of the Southern Pacific Company and an employee of that corporation for two score years, died this morning at his residence, 2709 Dwight way. He had been in ill health for some time, but seriously sick for only a few days under the care of physicians. His death occurred with all of the members of his family present.

Funeral services are to be held at his residence at 2709 Dwight way Saturday afternoon. Beyond this no arrangements have been made.

Mrs. McKenzie survives her husband, as well as three children—Gordon McKenzie, civil engineer; Mrs. Hazel Wrampflemer and Mrs. Roy M. Critchlow. All are residents of this city. McKenzie was 78 years of age, a native of New York city. He had resided in this state for thirty-seven years, coming here in the employ of the Southern Pacific. For the past twenty-two years his home had been in Berkeley.

Under McKenzie's supervision came all of the water equipment of the Southern Pacific Company. The ferry-boats were under the control of him and his chief assistant, James G. Camp, as well as the ferry service at the straits of Carquinez. His office was the ship yards at the foot of Peralta street, in the Oakland yards.

STARTED AS FIREMAN

McKenzie was born in 1836 and had been in the railroad service with a brief exception since 1852. He started as a locomotive fireman with the Central and Western Railroad of Canada. Subsequently in turn he was with the Chicago, Burlington and Quincy, the Mississippi and Tennessee, the Peoria and Okavaka and the Chicago and Illinois. In the early sixties he left railroading for a term to manage a gold mine in Australia. In 1872 he began his connection with the Southern Pacific Company, which was terminated today by his death. From the position of division master mechanic and chief engineer he was promoted in 1902 to superintendent of floating equipment.

McKenzie was a member of Oakland Masonic lodge, under the auspices of which the funeral services will be conducted.

OLD GRAFT CASE MAY BE PROBED

Railroad Commissioner Hints at Inquiry into Franchise Deals.

SAN FRANCISCO, Jan. 14.—The investigations of the grand jury at the time of the so-called graft prosecution, relative to alleged bribe money paid by the Pacific Telephone and Telegraph company and the House Telephone company are to be delved into by the state railroad commission. This was intimated this morning by Commissioner Edwin Edgerton during the hearing in the application of the two corporations and the municipality to transfer the franchise of the Bay city Home Telephone company to the Pacific Telephone and Telegraph company.

During the regime of Mayor Eugene E. Schmitz the Home Telephone company obtained the franchise here and it is alleged that bribe money was paid so that the measure would go through the Board of Supervisors. The Pacific Telephone company, it is charged, dealing with the supervisors direct, also paid out some coin. As the result of these alleged transactions indictments were returned and officials of both companies were at different times haled into court.

Louis Glass of the Pacific Telephone company was the only man convicted and subsequently the case was reversed. Two years ago the Pacific Telephone company absorbed the Bay City Home Telephone company, obtaining property and telephone lines but no franchise. The Home company is under a \$250,000 bond to carry out the terms of the franchise and it is alleged that this be exonerated. There are several suits pending against the corporation. After the hearing had gone a considerable time today, one of the spectators, Daniel O'Connell, arose and protested that the citizens of San Francisco had voted against a transfer of the franchise.

The commission intimated that it would investigate the matter of the alleged bribery and it would be six months before a decision would be handed down.

TAFT CRITICISES BILLS PASSED BY CONGRESS

By Associated Press.
NEW YORK, Jan. 14.—Legislation passed by the present Congress, notably the Clayton bill and the trade commission bill, has tended toward more restriction of both capital and labor, former President William Howard Taft said tonight, speaking at the annual banquet of the National Foot and Shoe Manufacturers Association.

Obstruction, he has been placed in the path of business, he said, and excesses against railroad and other interests must be moderated "if we would have prosperity return."

"Now if organized labor would devote more of its time to uniting with capital opposing these foolish obstructions to enlarged investment and to fair returns on that investment," Mr. Taft said, "it would do much more to maintain wages than by seeking legislation which attempts to put it in a privileged class, renders it immune from ordinary prosecutions to which other people are subject, and adds to the timidity that now makes capital hesitate."

LAW IS BROKEN BY CITY CONSENT

Zone Ordinance, Regulating Industries, May Be Changed as Remedy.

The city council today decided to permit a violation of the law, pending the passage of an ordinance that would make this unnecessary.

The trouble is that many months ago the council hastily passed an industrial zone ordinance to protect a particular residential neighborhood against a Chinese laundry. The ordinance, which established industrial zones over a large area of the city, was passed as an emergency measure, and it was planned to take up the matter anew and attempt some intelligent handling of the problem.

But having passed an ordinance to meet the particular question before them, the council forthwith dispatched the zone matter into the limbo of things forgotten. A committee headed by the Rev. A. W. Palmer and including Wilber Walker and representatives of a number of organizations, had been working on a zone ordinance. The committee promptly quit.

The undersigned firm of Reynolds and Reed, 2500 E. Fourteenth street, in the industrial zone, has been asked to leave the zone. The firm is a laundry and is a resident of the district. The industrial zone ordinance prohibits undertaking parlors outside industrial zones as described.

Intercollegiate Split Is More Serious

Joe Berger Is Signed by the Tigers

TRACK AND BALL
SEASON DELUGED
AT VARSITIESCalifornia Strong in the Box
This Year; First Game
January 30.

BERKELEY, Jan. 14. — Athletics and track season has been deluged since the opening of the mid-winter season and the outlook for practice in baseball and track is dubious unless something happens above.

The first baseball game of the year is scheduled for January 30 and a considerable amount of practice is needed by the men in order to catch up with the early start of Stanford. The Cardinals played their first game the Saturday following the opening of school, which resulted in a victory for the Olympic Club by the score of 11-0.

California will have practically the same squad this year as last, save for the position of shortstop, which was held down last season by Captain Butcher. The Blue and Gold pitching staff will be one of the strong points in California's favor. Three men will be on hand this year to take their turns in the box and all are capable of winning against any of the college teams in the west.

McMillen, Conner and Chapman will probably do the hauling in the majority of the coming season unless some unexpected changes appear.

The team is well balanced, having a goodly number of sluggers and a sufficient number of fielders who come through at the right moment. Stanford will have almost a new lineup with which to confront California and a victory for the Berkeley men is predicted.

Track has been one of the big topics of the season, but as yet the men have had no chance to show what they can do. The honors in that sport this season are conceded to be about an even thing between California and Stanford.

The southerners have almost a sure win in the half mile with Captain Bennett but California offsets this edge with several good men in the sprints, which includes Captain Stanton, Herick, Threlkeld, Bradway, Arritt and Claudius. Stanford will have to depend on Grant, Needham, Lagan and Nelson.

The hurdles look like a few points for California and the two-mile event will be a struggle for the Cardinals if the California men continue to run to their previous records. The rest of the events distribute themselves about evenly on paper and from present indications.

Berkeley will probably boast of a winning team. Walter Christie, veteran coach and athletic director of the last year of California, has developed material this year with which he hopes to smash several of the Pacific Coast records.

Tennis will show what the California men for this season unless some unexpected changes are developed. But three veterans will be on hand to help to lead the racket and the loss of W. E. Davis, V. E. Braden and E. P. Parker will be felt by the tennis team in this year's matches. Davis ranked third in intercollegiate tennis in the United States and his transfer to Princeton is a blow to the California team.

Although the followers of the same concede a slight advantage to California, Stanford will not be handed the coat of whitewash for the last year when she was defeated in five straight matches.

BASKETBALL

The fast Pleasanton P. C. basketball team met defeat at the hands of the California Arrows in the fastest and hardest fought game of the season. In the last few minutes the Arrows, with a burst of speed, made four goals and won the game. Pete Hop, Pete Spennore and Jeff Acher were the stars for the losers.

Three veterans will be on hand to help to lead the racket and the loss of W. E. Davis, V. E. Braden and E. P. Parker will be felt by the tennis team in this year's matches. Davis ranked third in intercollegiate tennis in the United States and his transfer to Princeton is a blow to the California team.

Although the followers of the same concede a slight advantage to California, Stanford will not be handed the coat of whitewash for the last year when she was defeated in five straight matches.

CUBS BUY INFELDER

LOUISVILLE, Ky., Jan. 14. — O. H. Wathen, president of the Louisville club of the American Association, today announced that he had sold second baseman McLarry to the Chicago Nationals.

The deal was closed here today with Manager Roger Bresnahan. McLarry came here last spring from the Western League.

DUE WEDNESDAY

CHICAGO, Jan. 14. — Speedy determination of the injunction proceedings instituted by the Federal League to prevent organized baseball from interfering with its operations and players is expected when the case is opened here next Wednesday before Judge Landis in the United States District Court.

Both officials of the Federals and leaders of the organization forces are agreed on this point. It was learned today that expressed the opinion that the case will be decided in ample time to allow the clubs of the three leagues to start their spring training trips without any danger that a court verdict may disarrange plans for the championship season.

BOWLERS ROLL
FOR CLUB TITLE;
CAL. GRAYS LEADInterleague Tourney Develops
Keen Competition on Local
Alleys.

Interest in the bowling tourney of the interleague is at high pitch and the tournament games are drawing big crowds of spectators and followers of the various clubs, to the different bowling alleys, to cheer for their teams and shout for victory. At the present time the California Grays of San Francisco are leading the race for first place, with the L.A. Grays a close second.

Following them in the order named are the Peninsula club of Oakland, Peninsula club of San Mateo, Kaloi Klub of Oakland, and Smilers' club of San Francisco.

A total of approximately 100 bowlers have been hunk up by the league for both team and individual efforts, and competition for all prizes is very keen.

The schedule for the balance of the tournament is as follows: Grays vs. Peninsula club, at Oakland; Peninsula club vs. Smilers' club, at San Francisco.

January 18 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 20 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 22 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 24 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 26 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 28 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 30 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

January 31 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 1 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 2 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 3 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 4 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 5 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 6 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 7 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 8 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 9 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.

February 10 — Peninsula club vs. Smilers' club, at San Francisco; L.A. Grays vs. L.A. Grays, at San Francisco.
